- Section 3 – Terms of Reference, including technical evaluation criteria
- Section 4 – General Terms and Conditions for Professional Services
- Section 5 – Form of Contract
- Section 6 – Proposal Submission Form
- Section 7 – Documents Establishing the Eligibility and Qualifications of the Proposer
- Section 8 – Technical Proposal Form
- Section 9 – Financial Proposal Form
- Section 10 – Form for Performance Security
- Section 11 – Form of Bank Guarantee for Advance Payment

2. Your offer comprising a Technical and Financial Proposal, in separate files, should be submitted in accordance with the Data Sheet.
3. You are kindly requested to submit an acknowledgment letter to IRENA via the following email address: procurement@irena.org, or to the following postal address:

Procurement Office
International Renewable Energy Agency
IRENA Headquarters, Masdar City, P.O. Box 236
Abu Dhabi, United Arab Emirates

4. The letter should be received by IRENA no later than **24 March 2025, 15:00 Hours Gulf Standard Time**. The same letter should advise whether your company intends to submit a Proposal. If your company decides not to submit a proposal, we would appreciate it if you would kindly indicate the reason for our records.
5. Should you need further clarification, kindly communicate with the contact person indicated in the attached Data Sheet as the focal point for queries relating to this RFP.

We look forward to receiving your Proposal and thank you in advance for your interest in IRENA procurement opportunities.

Yours sincerely,

Director AMS
Director of Administration and Management Services

Section 2: Instruction to Proposers

Definitions of Terms

- a) “*Contract*” refers to the agreement that will be signed by and between the IRENA and the successful Proposer and all the attached documents thereto, including the General Terms and Conditions for Professional Services (GTC) and the Appendices.
- b) “*Country*” refers to the country in which the Services are to be performed as indicated in the Data Sheet.
- c) “*Data Sheet*” refers to such part of the Instructions to Proposers used to reflect conditions of the tendering process that are specific for the requirements of the RFP.
- d) “*Day*” refers to calendar day.
- e) “*Instructions to Proposers*” (Section 2 of the RFP) refers to the complete set of documents which provides Proposers with all information needed and procedures to be followed in the course of preparing their Proposals.
- f) “*LOI*” (Section 1 of the RFP) refers to the Letter of Invitation being sent by IRENA to the Proposers.
- g) “*Material Deviation*” refers to any content or characteristic of the Proposal that is significantly different from an important aspect or requirement of the RFP, substantially alters the scope and quality of the requirements, limits the rights of IRENA and/or the obligations of the Proposer, or compromises the competitive position of other Proposers or otherwise adversely impacts the fairness and principles of the procurement process.
- h) “*Proposal*” refers to the Proposer’s response to the RFP, including the Proposal Submission Form, Technical and Financial Proposal and all other documentation attached thereto as required by the RFP.
- i) “*Proposer*” refers to any legal entity that may submit, or has submitted, a Proposal for the provision of Services requested by IRENA through this RFP.
- j) “*RFP*” refers to the Request for Proposals consisting of instructions and references prepared by IRENA for the purposes of selecting the best service provider to perform the Services described in the Terms of Reference.
- k) “*Services*” refers to the entire scope of tasks and deliverables requested by IRENA under the RFP.
- l) “*Supplemental Information to the RFP*” refers to a written communication issued by IRENA to prospective Proposers containing clarifications, responses to queries received from prospective Proposers, or changes to be made to the RFP, before the deadline for the submission of Proposals.
- m) “*Terms of Reference*” or “*TOR*” refers to the document included in this RFP as Section 3 which describes the objectives, scope of services, activities, tasks to be performed, responsibilities of the Proposer, expected results and deliverables and other data pertinent to the performance of the range of duties and services expected of the successful Proposer.

A. GENERAL

1. IRENA hereby solicits Proposals in response to this RFP. Proposers must strictly adhere to all the requirements of this RFP. No changes, substitutions or other alterations to the provisions stipulated in this RFP may be made or assumed unless approved in writing by IRENA in the form of Supplemental Information to the RFP. However, whilst fully complying with the RFP requirements, Proposers are encouraged to provide any suggestions and solutions that may achieve a more cost-effective and value-for-money approach to fulfilling the requirements of this RFP.
2. Submission of a Proposal shall be deemed to constitute an acknowledgement by the Proposer that all obligations stipulated in this RFP shall be met and that, unless specified otherwise, the Proposer has read, understood and agreed to all the instructions provided in this RFP.
3. Any Proposal submitted will be regarded as an offer by the Proposer and shall not constitute or imply the acceptance of any Proposal by IRENA. This RFP does not commit IRENA to award a contract. The Proposal submitted by the successful Proposer will be the basis for negotiations which may lead to conclusion of a Contract with the successful Proposer.
4. IRENA implements a policy of zero tolerance on proscribed practices, including fraud, corruption, collusion, and unethical practices. IRENA is committed to preventing, identifying and addressing all acts of fraud and corrupt practices against IRENA as well as third parties involved in IRENA's activities.
5. Proposers shall not be in any position of conflict of interest arising from their current or future work with respect to IRENA. All Proposers found to have a conflict of interest shall be disqualified. Without limitation on the generality of the above, Proposers shall be considered to have a conflict of interest if they:
 - 5.1 are or have been associated in the past, with a firm or any of its affiliates which have been engaged with IRENA to provide services for the preparation of the design, specifications, Terms of Reference and other documents to be used for the procurement of the Services;
 - 5.2 were involved in the preparation and/or design of the programme/project related to the Services;
 - 5.3 have owners, officers, directors, controlling shareholders, or key personnel who are related to IRENA personnel involved in procurement functions; or
 - 5.4 are found to be in conflict for any other reason, as may be established by and at the discretion of IRENA.
6. Proposers shall disclose in their Proposal their knowledge of any other circumstances that could potentially lead to actual or perceived conflict of interest, collusion or unfair competition practices. Failure of such disclosure may result in the rejection of the proposal or proposals affected by the non-disclosure.
7. More than one Proposal from any company, either in its own name or as part of a joint venture, consortium or partnership, shall not be considered. If any Proposer submits or participates in more than one Proposal in response to this RFP, all such Proposals shall be disqualified and rejected. If IRENA has reasons to believe that collusion exists between Proposers, all such Proposers shall be disqualified.

B. CONTENTS OF PROPOSAL

8. Sections of Proposal

Proposers are required to complete, sign and submit in the number of copies indicated in the **Data Sheet** (DS no. 18) the following documents:

- 8.1 Proposal Submission Form (see Section 6 of this RFP);
- 8.2 Documents Establishing the Eligibility and Qualifications of the Proposer (see Section 5 and the **Data Sheet** (DS no. 23) of this RFP);
- 8.3 Technical Proposal Form (see Section 8 of this RFP);
- 8.4 Financial Proposal Form (see Section 9 of this RFP); and
- 8.5 Any attachments and/or appendices to the Proposal, including those specified in the **Data Sheet** (DS no. 24).

9. Clarification of Request for Proposals

Proposers may request a clarification of any of the RFP documents no later than the deadline for the submission of requests for clarification indicated in the **Data Sheet** (DS no. 16). Any request for clarification must be sent in writing or by electronic means to the IRENA address indicated in the **Data Sheet** (DS no. 17). IRENA will respond in writing or by electronic means and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Proposers who have provided confirmation of their intention to submit a Proposal.

IRENA shall endeavour to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of IRENA to extend the submission date of the Proposals, unless IRENA deems that such an extension is justified and necessary.

10. Amendment of Request for Proposals

At any time prior to the deadline for submission of Proposals, IRENA may for any reason, such as in response to a clarification requested by a Proposer, make changes to the RFP in the form of a Supplemental Information to the RFP. All Proposers who have provided confirmation of their intention to submit a Proposal will be notified in writing of all amendments to the RFP.

In order to afford prospective Proposers reasonable time to consider the amendments in preparing their Proposals, IRENA may, at its discretion, extend the deadline for submission of Proposals, if the nature of the amendment to the RFP justifies such extension.

C. PREPARATION OF PROPOSALS

11. Cost of Proposal

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal is selected or not. IRENA shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the process.

12. Language of Proposal

The Proposal, as well as all related correspondence exchanged by the Proposer and IRENA, shall be written in the English language, unless a language other than English has been specified in the **Data Sheet** (DS no. 4). Any printed literature furnished by the Proposer written in a language other than the language specified in the **Data Sheet** (DS no. 4) must be accompanied by a translation into the language specified in the **Data Sheet** (DS no. 4). For the purposes of interpretation of the Proposal and in the event of any discrepancy or inconsistency in meaning, the version translated into the language specified in the **Data Sheet** (DS no. 4) shall prevail.

13. Proposal Submission Form

Proposers shall submit their Proposals using the Proposal Submission Form furnished in Section 6 of the RFP.

14. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 24), the Proposer shall structure the Technical Proposal in the format provided in Section 8 and in accordance with the following:

- 14.1 Expertise of Firm/Organisation – this section shall provide details regarding the management structure of the Proposer, organisational capability/resources, the experience of the Proposer, the list of projects/contracts (both completed and ongoing, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the Services (see Clause 15 of this Section 2 for further details).
- 14.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by: identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the Contract as specified in the Terms of Reference.
- 14.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this sub-section 14, the Proposer assures and confirms to IRENA that the personnel being nominated are available to implement the Services within the duration of the Contract indicated in the Terms of Reference. If, at any time prior to award of the Contract, any of the key personnel listed in the Technical Proposal become unavailable, except for unavoidable reasons such as death, medical incapacity or delay in the implementation of the Services through no fault of the Proposer, IRENA reserves the right to consider the Proposal non-responsive. Any substitution of personnel arising from unavoidable reasons shall be made only with IRENA's approval of the justification for the substitution

and with IRENA's approval of the replacement, who shall be of either equal or superior credentials to the one being replaced and which shall not involve any additional cost to IRENA.

The Technical Proposal shall not include any financial information. A Technical Proposal containing any form of financial information that could lead to the determination of the price offer may be declared non-compliant.

15. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form provided in Section 9. It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

16. Currencies of Proposals

All prices from Proposers shall be quoted in the preferred currency indicated in the **Data Sheet** (DS no. 15).

16.1 Should the Proposer submit a Financial Proposal in a currency that is different from the preferred currency specified in the **Data Sheet** (DS no. 15), IRENA will convert the currency quoted in the Proposal to the preferred currency in accordance with the prevailing United Nations operational rate of exchange on the deadline for submission of Proposals; and

16.2 In the event that the Proposal that is found to be the most responsive to the RFP requirements is quoted in a currency different from the preferred currency indicated in the **Data Sheet** (DS no. 15), IRENA reserves the right to award the Contract in the preferred currency specified in the **Data Sheet** (DS no. 15) using the conversion method specified in sub-section 16.1 above.

17. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish evidence of its status as an eligible and qualified vendor, using the forms provided in Section 7 of this RFP, with such eligibility and qualifications to be documented to IRENA's satisfaction. This evidence shall include, and must demonstrate, the following:

17.1 That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorised by the goods' manufacturer or producer to supply the goods in the country of final destination; and

17.2 That the Proposer has the financial, technical, and production capability necessary to perform the Contract.

18. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium, or association at the time of the submission of the Proposal, all of the members of the joint venture/consortium/association shall submit, along with the Proposal, a duly notarised agreement confirming that they have designated one member to act as the lead entity duly vested with the authority

to bind the members of the joint venture/consortium/association jointly and severally, and that if their Proposal is selected, the Contract shall be negotiated and entered into between IRENA and the designated lead entity who shall be acting for and on behalf of all the members of the joint venture/consortium/association.

After the Proposal has been submitted to IRENA, neither the lead entity nor the composition or constitution of the joint venture/consortium/association shall be altered without the prior consent of IRENA.

The organisation of the joint venture/consortium/association must clearly define the role of each of its component/member entities in the course of performing the Services.

Where a joint venture/consortium/association is presenting its track record and experience in a similar undertaking as those required in the TOR, it should present such information in the following manner:

- Those that were undertaken together by the joint venture/consortium/association; and
- Those that were undertaken by the individual members of the joint venture/consortium/association expected to be involved in the performance of the Services.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with the joint venture/consortium/association or any of its members cannot be claimed as the experience of the joint venture/consortium/association or those of any of its members but should only be claimed by the individual experts themselves in their presentation of their credentials.

19. Alternative Proposals

Unless otherwise specified in the **Data Sheet** (DS no. 6), alternative proposals shall not be considered. Where alternative proposals are allowed in the **Data Sheet** (DS no. 6), IRENA reserves the right to award a Contract based on an alternative proposal when the conditions for its acceptance are met.

20. Period of Validity

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the deadline for submission also indicated in the **Data Sheet** (DS no. 20). A Proposal valid for a shorter period shall be immediately disqualified and rejected by IRENA.

In exceptional circumstances, prior to the expiration of the proposal validity period, IRENA may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

D. SUBMISSION AND OPENING OF PROPOSALS

21. Submission and Opening of Proposals

21.1 The Technical Proposal and the Financial Proposal files must be completely separate and each of them must be clearly marked on the name of the file as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”. The files shall:

- be addressed to IRENA as specified in the **Data Sheet** (DS no. 19); and
- bear a warning that states: “**DO NOT OPEN BEFORE** the time and date for Proposal

opening specified in the **Data Sheet** (DS no. 21)”.

The Proposer shall assume the responsibility for the misplacement or premature opening of Proposals due to improper sealing and labelling.

21.2 Proposers must always submit their Proposals by email ONLY.

21.3 Proposers shall be as specified in the **Data Sheet** (DS no. 18). The Proposal shall be signed or initialled on every page by the Proposer or a person duly authorised to commit the Proposer.

21.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Terms and Conditions for Professional Services in full as attached hereto as Section 4.

22. **Deadline for Submission of Proposals and Late Proposals**

22.1 Proposals must be received by IRENA at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 19 and 20).

22.2 IRENA shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal or modification of a Proposal that is received by IRENA after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

23. **Withdrawal, Substitution, and Modification of Proposals**

23.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of their Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by IRENA or a lack of clarity in the description of services to be provided may result in the rejection of the Proposal. IRENA shall not assume any responsibility regarding erroneous interpretations or conclusions made by the Proposer in understanding the RFP.

23.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 21.1 of this Section 2, duly signed by an authorised representative, and shall include a copy of the authorisation (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the written notice. All notices must be received by IRENA prior to the deadline for submission of Proposals and submitted in accordance with Clause 21.1 of Section 2 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked “WITHDRAWAL,” “SUBSTITUTION,” or “MODIFICATION”.

23.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.

23.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

24. Proposal Opening

- 24.1 IRENA will open the Proposals in the presence of an ad-hoc committee of at least two (2) members formed by IRENA.
- 24.2 The Proposers' names, withdrawals, substitutions and modifications, the condition of the labels/seals of the envelope, the presence or absence of required documents, and such other details as IRENA may consider appropriate will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

25. Confidentiality

- 25.1 Information relating to the examination, evaluation, and comparison of Proposals and recommendation of contract award shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.
- 25.2 Any effort by a Proposer to influence IRENA in the examination, evaluation and comparison of the Proposals or contract award decisions may, at IRENA's decision, result in the rejection of its Proposal.
- 25.3 In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with IRENA for a debriefing. Such debriefing shall be limited to discussing the strengths and weaknesses of the Proposal of said Proposer in order to assist the Proposer in improving future proposals to IRENA. The content of other Proposals, their evaluation and how they compare to the Proposer's Proposals shall not be discussed.

26. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, IRENA may, at its discretion, ask any Proposer for a clarification of its Proposal.

IRENA's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by IRENA in the evaluation of the Proposals, in accordance with Clause 30 of this Section 2.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by IRENA, shall not be considered during the review and evaluation of the Proposals.

E. EVALUATION AND COMPARISON OF PROPOSALS

27. Preliminary Examination of Proposals

- 27.1 IRENA shall examine the Proposals to determine whether they are complete, whether the documents have been properly signed, and whether the Proposals are generally in order. IRENA reserves the right to reject any Proposal after preliminary examination of the Proposal, if IRENA finds a reason for such rejection, including but not limited to the discovery of significant or material deviation, conflict of interest or fraud, among others.

- 27.2 IRENA shall reject the Proposal of any Proposer found to appear in a United Nations Security Council sanctions list or such ineligibility lists as may be established or recognised by IRENA in accordance with its applicable rules, policies and procedures.

28. Evaluation of Proposals

- 28.1 IRENA shall examine the Proposal to confirm that the IRENA General Terms and Conditions for Professional Services and any Special Conditions of the RFP have been accepted by the Proposer without any deviation or reservation.
- 28.2 In the first stage, the evaluation committee shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other requirements in the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 26). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP, and particularly the Terms of Reference, or if it fails to achieve the minimum technical score indicated in the Terms of Reference. No changes shall be made by IRENA to the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 26) after all Proposals have been received.
- 28.3 In the second stage, only the Financial Proposal of those Proposers that achieve the minimum technical score will be opened for evaluation. The Financial Proposals corresponding to Technical Proposals that did not meet the minimum passing technical score shall be returned to the relevant Proposers unopened. The overall evaluation score will be based either on a combination of the technical and financial scores, or on the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS no. 22).
- 28.4 IRENA reserves the right to undertake a post-qualification exercise aimed at determining to its satisfaction the accuracy, authenticity and validity of information provided by the Proposer through verification and reference checking, among other means that it deems appropriate, at any stage within the selection process.
- 28.5 When the **Data Sheet** (DS no. 22) specifies that the evaluation method to be used shall be the combined scoring method, the formula for evaluating the Proposals shall be as follows:

$$p = y (x/z)$$

where:

p = weighted percentage points for the Financial Proposal being evaluated

y = maximum weighted percentage number of points for the Financial Proposal, as indicated in the **Data Sheet** (DS no. 22)

x = price of the lowest priced Proposal

z = price of the Proposal being evaluated based on a combination of the technical and financial scores

29. Responsiveness of Proposal

- 29.1 IRENA's determination of a Proposal's responsiveness is to be based on the contents of the Proposal itself.

29.2 A substantially responsive Proposal is one that conforms to all the terms, conditions, and specifications of the RFP without material deviation, reservation, or omission.

29.3 If a Proposal is not substantially responsive, it shall be rejected by IRENA and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

30. Nonconformities, Errors and Omissions

30.1 Provided that a Proposal is substantially responsive, IRENA may waive any non-conformities or omissions in the Proposal that do not constitute a material deviation.

30.2 Provided that a Proposal is substantially responsive, IRENA may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

30.3 Provided that the Proposal is substantially responsive, IRENA shall correct arithmetical errors on the following basis:

30.3.1 If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of IRENA there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;

30.3.2 If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and

30.3.3 If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

30.4 If the Proposer does not accept the correction of errors made by IRENA, its Proposal shall be rejected.

F. AWARD OF CONTRACT

31. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

IRENA reserves the right to accept or reject any Proposal, to render any or all Proposals as non-responsive, and to annul the solicitation process and reject all Proposals at any time prior to award of Contract, without thereby incurring any liability to the affected Proposer(s), or any obligation to inform the affected Proposer(s) of the grounds for IRENA's action. Furthermore, IRENA shall not be obliged to award the Contract to the Proposer that submitted the lowest priced Proposal.

32. Award Criteria

Prior to the expiration of Proposal validity, IRENA shall award the Contract to the qualified Proposer with the highest score based on the evaluation method indicated in the **Data Sheet** (DS no. 22).

33. **Contract Signature**

Within fifteen (15) days from the date of receipt of the Contract negotiated between IRENA and the successful Proposer, the successful Proposer shall sign and date the Contract and return it to IRENA.

34. **Performance Security**

34.1 A performance security, if required, shall be provided in the amount and form and by the deadline indicated in the **Data Sheet** (DS nos. 9 and 10), as applicable.

34.2 Failure of the successful Proposer to comply with the requirement of RFP Clause 33 or RFP Clause 35 shall constitute sufficient grounds for the annulment of the award and forfeiture of the performance security if any, on which event IRENA may award the Contract to the Proposer with **the second highest rated Proposal, or call for new Proposals.**

35. **Right to Vary Requirements at the Time of Award**

At the time of award of Contract, IRENA reserves the right to vary the quantity of services and/or goods, by up to a maximum ten per cent (10%) of the total offer, without any change in the unit price or other terms and conditions.

36. **Bank Guarantee for Advance Payment**

Except when the interests of IRENA so require, it is IRENA's policy to make no advance payment(s) on contracts. In the event that the Proposer requires an advance payment and if such request is duly accepted by IRENA, and the said advance payment exceeds 20% of the total proposal price or the amount of \$30,000, IRENA shall require the Proposer to submit a bank guarantee in the same amount as the advance payment and in the form provided in Section 11.

37. **Proposer's Conference**

When appropriate, a pre-proposal conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the Proposers' conference will be either posted on the IRENA website or disseminated to the individual firms that have registered or expressed interest in the RFP, whether or not they attended the conference. No statement made during the conference shall modify the terms and conditions of the RFP unless such statement is issued as an amendment in the form of a Supplemental Information to the RFP.

38. **Vendor Protest**

The IRENA vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. This procedure is not available to Proposers whose Proposals were rejected. In the event that you believe you have not received fair treatment, the following email provides further details regarding IRENA vendor protest procedures: awardreview@irena.org.

Instructions to Proposers

MID-TERM EXTERNAL EVALUATION OF THE INTERNATIONAL RENEWABLE ENERGY AGENCY'S MEDIUM-TERM STRATEGY 2023-2027

I. Introduction

The International Renewable Energy Agency (IRENA) is an intergovernmental organisation established in April 2011 with the objective to ‘*promote the widespread and increased adoption and the sustainable use of all forms of renewable energy*’.¹ The Agency’s work covers all forms of energy produced from renewable energy sources in a sustainable manner including bioenergy, geothermal, hydropower, ocean, solar, and wind energy. IRENA comprises 170 Members and 16 States in Accession worldwide, with diverse priorities and needs.

II. Background

IRENA’s strategic objectives are defined on a five-year basis through its Medium-term Strategy (MTS)². This document is developed through a consultative process with the Agency’s Members. The current MTS spans 2023-2027 and sets five overarching goals for the Agency in this period:

- Provide thought leadership and authoritative knowledge, data and analyses on all aspects of the energy transition and its impacts at global, regional, national and sectoral levels
- Galvanise international collaboration and provide an inclusive platform for all stakeholders to foster targeted action, alignment of activities and knowledge sharing for impact on the ground
- Pursue excellence in renewables innovation, development and deployment and promote practical application of knowledge for systemic change
- Assist regional and country-level decision-making and support implementation strategies to reduce global emissions, adapt to climate change, and improve energy access, security and affordability for sustainable development
- Facilitate the development of project pipelines and channeling investment toward renewables-based energy systems in developing countries.

III. Purpose

The 13th IRENA Assembly mandated the Agency to undertake a mid-term evaluation of the MTS 2023-2027³. The overall purpose of the evaluation is to support the Director-General’s accountability function in reporting to the Assembly on delivery of its programmatic and strategic objectives, support IRENA’s accountability to stakeholders and partners and contribute to learning and refinement of programmatic activities.

i. General objectives

¹ See IRENA’s [Statute](#)

² [MTS 2023-2027](#).

³ [A/13/DC/1](#).

The review will be conducted over a period of fourteen weeks between April and September 2025 and will entail:

1. Evaluation of the progress made since 2023 against the framework laid down in the MTS and a **review of the Agency's positioning** in the context of global energy transitions.
2. **Evaluation of the reach, effectiveness, and impact** of the Agency's activities as laid down in the two relevant Work Programme and Budgets (2022-2023, 2024-2025) within the framework of the MTS and the broader context of the changing energy landscape. It should be noted that the first year of the WP 2022-2023 was guided by the previous MTS 2018-2022⁴.
3. The **provision of conclusions and recommendations** to strengthen the Agency's programme delivery under its guiding principles and provide an external perspective on its mission and strategic objectives in a dynamic working field. This information will also inform the preparation of the next MTS 2028-2032.
4. **Recommendations on measures to strengthen monitoring and evaluation structures.**

In undertaking this evaluation, the evaluation team will use the information contained in the self-evaluation entitled "Work Programme and Budget Self-Assessment 2022-2023" (A/14/INF/2, 15 December 2023) as a point of departure and baseline for the assessment.

ii. Evaluation questions

The evaluation team should answer the following questions throughout their work:

- In your opinion, to what extent has IRENA influenced the global energy discourse during 2023-2025?
- Are the objectives defined in the MTS being adequately fulfilled, considering the Agency's size and scope?
- Is IRENA effectively delivering the key programmatic activities?
- Please describe your engagement with IRENA between 2023 and 2025. Were there any follow-up activities resulting from this engagement? If yes, please list and briefly describe these activities.
- To what extent have IRENA's knowledge products helped your organisation fill knowledge gaps and build capacity and skills with respect to the energy transition? Please list the knowledge product, or tools, applied, and briefly explain how they were used.
- In your opinion, to what extent has IRENA's work enhanced international collaboration for the energy transition amongst stakeholders during 2023-2025?
- To what extent has IRENA's work directly contributed to the development of concrete actions on the ground in your country in the following areas: Accelerate the energy transition; Advance sustainable development; Reduce global emissions; Promote adaptation to climate change; Enhance energy security; and Enhance energy affordability.

⁴ [A/8/11](#).

- Have IRENA's country, regional and local activities contributed to advancing the deployment of renewable energy?
- Have IRENA's collaborative arrangements with international, regional and national intergovernmental, governmental or non-governmental organisations, technical and expert entities, private sector, and other networks and groups been useful in the delivery of its programmatic activities and MTS? Are these arrangements aligned with the Work Programme and Budget 2022-2023 and 2024-2025 and MTS?
- Are IRENA's project facilitation activities having the necessary impact and reaching those most in need? How can the work be adjusted, if at all, to better deliver on its goal?
- What specific aspects of the submission process through the Climate Investment Platform (CIP) and/or the Energy Transition Accelerator Financing (ETAF) platforms portal did you find most helpful (if any) and which challenging (if any)? How could it be improved to better meet your needs?
- Please provide your opinion on the feedback provided by IRENA on various aspects of proposal development.
- Has your country been able to leverage funding as a result of IRENA's support? If yes, please list the amounts leveraged, the funding sources and mechanisms and describe any results.
- Please share your feedback on the matchmaking sessions and bilateral meetings organised by IRENA during Investment Forums as well as on the follow-up process.
- Are you satisfied with the capacity building training workshops related to project finance for renewable energy technologies?

IV. Management Arrangements

An independent evaluation company will be selected through a procurement process following IRENA's established procedures and financial rules and regulations.

The IRENA Director-General's Executive Office will support the evaluation team throughout the process. Anastasia Kefalidou, Acting Chief of the IRENA New York Office will be the contact person.

V. Evaluation team structure

The proposed team should offer the following:

- Team lead with minimum of 12 years of experience in monitoring and evaluation field.
- Minimum five (5) evaluation reports conducted in the energy and climate sustainability sector as well as for organisations with similar size to IRENA's membership.

VI. Evaluation approach and methodology

The evaluation team will:

1. Gather detailed qualitative and quantitative information and feedback from and conduct interviews with selected representatives of countries and regions in which IRENA has implemented substantive programmatic activities. This activity may be conducted virtually. This exercise should include:
 - a. Develop and implement a membership-wide survey to ensure an inclusive and credible process. The evaluation team will administer the survey. IRENA has 170 Members and will provide contact information to the evaluation team for this Membership. Minimum feedback received from at least a third of IRENA's membership would be encouraged.
 - b. Conduct interviews with a minimum of 30 selected stakeholders involved with IRENA. IRENA will provide a list of recommended stakeholders and associated contact information as required. Stakeholders should include:
 - Key donors
 - IRENA staff
 - National and regional organisations that have received support from or worked with IRENA
 - Partners that have formal cooperative arrangements with IRENA
 - Key initiatives such as SIDS Lighthouses and Global Offshore Wind Alliance
 - Private sector and Coalition for Action representatives
 - Programmatic and institutional partners and international financing institutions
 - Focus groups outside of IRENA's immediate circle
2. Review IRENA's documents and reports within the timeframe provided by the MTS (2023-2027), including work programmes, assessments, progress and annual reports.
3. Have access to and utilise quantitative information provided by IRENA, including but not limited to Member feedback, communications and related website and social media data, events and publications background data and budget information.
4. Consider devising further appropriate measures based on their expertise and experience to reach the objectives as laid out above.

VII. Timeline, Tasks and Outputs

The evaluation team will:

- Hold a kick-off meeting with IRENA. Based on the information exchanged, the evaluation team will formulate an Inception Report that will include an assessment of evaluability, an implementation plan, a method plan (confidentiality issues etc) and a timeline for the external evaluation, consistent with the above approach and methodology, to be validated by IRENA;
- In the following evaluation period, collect, compile and analyse information and data related to the objectives as set out above;
- Update the IRENA focal point on a weekly basis;

- Present a draft evaluation report to IRENA by late August including summary slides inclusive of an assessment of selected products, case studies and recommendations, for IRENA's immediate feedback;
- Finalise the report by mid-September, in time for it to be distributed to Members 30 days in advance of the IRENA Thirtieth Meeting of the Council as mandated by IRENA's statute.

The evaluation team will be independent in its analysis of the findings. The substantial content of the evaluation as well as the selection of interviewees and focus groups will be undertaken in close collaboration with IRENA to ensure relevance and comprehensiveness.

VIII. TECHNICAL EVALUATION CRITERIA

Technical Evaluation Criteria		Score weight (%)
2.	Expertise of the company/organisation/entity	55
	Provisions of a minimum of three (3) evaluation reports conducted	15
	Expertise in evaluating programmes with a focus on impact measurement	15
	Experience with international organisations	15
	Experience in sustainable energy-related fields	10
1.	Proposed approach, methodology and implementation plan	20
	Innovative approach to survey/stakeholder consultation	20
3.	Team quality	15
	Team lead with a minimum of 12 years' experience in monitoring and evaluation	15
4.	Budget	10
	Budget meets requirements listed in TOR	10
Total		100

Note:

- Proposers must score a minimum of 70 Points in the technical proposal to be deemed Technically Compliant and considered for financial evaluation.
- The scoring/rating, 70% Technical and 30% Financial, is deemed relevant to this requirement exercise as they provide a fair ground for evaluating offers.

Section 4: General Terms and Conditions for Professional Services

1. DEFINITIONS

In these General Terms and Conditions for Professional Services (hereinafter referred to as “General Terms and Conditions”) the following definitions shall apply:

“Agency” means the International Renewable Energy Agency.

“Contract” means the written agreement relating to the provision of Services entered into by the Agency and the Contractor and includes these General Terms and Conditions.

“Contractor” means the legal entity named in the Contract and with whom the Contract has been entered, or its successors.

“Parties” means the Contractor and the Agency collectively, and “Party” means either one of them.

“Services” means any service provided, or to be provided, to the Agency by the Contractor (or any of the Contractor’s sub-contractors) pursuant to or in connection with the Contract.

2. LEGAL STATUS

The Contractor shall be considered as having the legal status of an independent contractor vis-à-vis the Agency. Neither the Contractor, and any subcontractor, nor any of their personnel shall be considered to be employees or agents of the Agency.

3. PAYMENT TERMS

(a) The Agency shall, unless otherwise specified in the Contract, make payment within 30 days of receipt of the Contractor’s invoice which is issued only upon the Agency’s acceptance of the work specified in the Contract.

(b) The prices shown in the Contract cannot be increased except by express written agreement by the Agency. The Agency will not pay any charge for late payment unless expressly agreed to in writing.

4. CONTRACTOR’S RESPONSIBILITY FOR EMPLOYEES AND ASSIGNMENT OF PERSONNEL

(a) The Contractor shall supervise and be responsible for the professional and technical competence of its employees and shall select, for work under the Contract, reliable individuals who will perform effectively in the implementation of the Contract, respect the local customs and conform to a high standard of moral and ethical conduct.

(b) The Contractor shall not replace or withdraw any personnel referred to in the Contract for the performance of the Services without the prior written approval of the Agency or unless requested by the

Agency. The Agency shall not unreasonably refuse or delay approval of any such withdrawal or replacement.

(c) Prior to assignment, replacement or withdrawal of personnel for the performance of the Services, the Contractor shall submit to the Agency for its consideration, the curriculum vitae or detailed justification to permit evaluation by the Agency of the impact which such assignment, replacement or withdrawal would have on the Services.

(d) In the event of replacement or withdrawal of personnel, all costs and additional expenses resulting from the replacement, for whatever reasons, of any of the Contractor’s personnel shall be for the account of the Contractor. Such replacement or withdrawal shall not be considered as termination in part or in whole of the Contract.

5. SOURCE OF INSTRUCTIONS

The Contractor shall neither seek nor accept instructions from any authority external to the Agency in connection with the performance of its obligations under the Contract. The Contractor shall refrain from any action which may adversely affect the Agency and shall fulfil its commitments with the fullest regard to the interests of the Agency.

6. OFFICIALS NOT TO BENEFIT

The Contractor warrants that it has not and shall not offer any direct or indirect benefit arising from or related to the Contract or the award thereof to any official or employee of the Agency. The Contractor acknowledges and agrees that any breach of this Article is a breach of an essential term of the Contract.

7. ASSIGNMENT AND INSOLVENCY

(a) The Contractor shall not assign, transfer, pledge or make other disposition of the Contract or any part thereof, or any of the Contractor’s rights, claims or obligations under the Contract except with the prior written consent of the Agency.

(b) Should the Contractor become insolvent, adjudged bankrupt, or should control of the Contractor change by virtue of insolvency, the Agency may, without prejudice to any other rights or remedies, immediately terminate the Contract by giving the Contractor written notice of termination.

8. SUBCONTRACTING

In the event the Contractor requires the services of one or more subcontractors, the Contractor shall obtain the prior written approval of the Agency for all such subcontractor(s). The Agency’s approval of a subcontractor shall not relieve the Contractor of any of

its obligations under the Contract, and the terms of any subcontract shall be subject to and in conformity with the provisions of the Contract.

9. INDEMNIFICATION

The Contractor shall indemnify, hold and save harmless and defend at its own expense the Agency, its officers, agents, servants and employees from and against all suits, claims, demands and liability of any nature or kind, including cost and expenses arising out of acts or omissions of the Contractor or its employees or subcontractors in the performance of the Contract. This requirement shall extend, inter alia, to claims or liabilities in the nature of workers' compensation, product liability and to liabilities pertaining to intellectual property rights. The obligations under this clause do not lapse upon termination of the Contract.

10. INSURANCE AND LIABILITIES TO THIRD PARTIES

(a) The Contractor shall provide and thereafter maintain all appropriate workers compensation insurance, or its equivalent, with respect to its employees to cover claims for personal injury, bodily injury or death arising from or in connection with the implementation of the Contract.

(b) The Contractor shall provide and thereafter maintain insurance against all risk in respect of its property and any equipment used for the execution of the Contract.

(c) The Contractor shall also provide and thereafter maintain liability insurance in an adequate amount to cover third party claims for death, bodily injury, loss of and damage to property arising from or in connection with the implementation of the Contract or from the operation of any vehicles, boats, airplanes and other equipment owned or leased by the Contractor or its agents, servants, employees or subcontractors performing work or services in connection with the Contract.

(d) Except for insurance mentioned in paragraph (a), the insurance policies under this clause shall:

(i) Name the Agency as additional beneficiary (additional insured);

(ii) Include a waiver of subrogation of the Contractor's rights to the insurance carrier against the Agency;

(iii) Provide that the Agency shall receive thirty (30) days written notice from the insurers prior to any cancellation or change of coverage.

(e) The Contractor shall, upon request, provide the Agency with satisfactory evidence of the insurance required under this Article.

(f) The Contractor acknowledges and agrees that neither the requirement for taking out and maintaining

insurance as set forth in the Contract nor the amount of any such insurance, including, but not limited to, any deductible or retention relating thereto, shall in any way be construed as limiting the Contractor's liability arising under or relating to the Contract.

11. ENCUMBRANCES/LIENS

The Contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file in any public office or on file with the Agency against any monies due or to become due for any Services provided under the Contract, or by reason of any other claim or demand against the Contractor.

12. TITLE TO EQUIPMENT

Title to any equipment and supplies that may be furnished by the Agency shall rest with the Agency and any such equipment shall be returned to the Agency at the conclusion of the Contract or when no longer needed. Such equipment, when returned shall be in the same condition as when delivered to the Contractor, subject to normal wear and tear, and the Contractor shall be liable to compensate the Agency for any damage or degradation of the equipment that is beyond normal wear and tear.

13. OBSERVANCE OF THE LAW

The Contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of its obligations under the terms of the Contract.

14. COPYRIGHT, PATENTS AND OTHER PROPRIETARY RIGHTS

(a) Except as otherwise expressly provided in the Contract, the Agency shall be entitled to all intellectual property and other property rights, including but not limited to copyrights, patents and trademarks, with regard to products, documents or other materials which bear a direct relation to or are produced, prepared or collected in consequence or in the course of the execution of the Contract. At the request of the Agency, the Contractor shall take all necessary steps, prepare and process all necessary documents and assist in securing such proprietary rights and transferring them to the Agency in compliance with the requirements of the applicable law.

(b) To the extent that any such intellectual property or other proprietary rights consist of any intellectual property or other proprietary rights of the Contractor: (i) that pre-existed the performance by the Contractor of its obligations under the Contract, or (ii) that the Contractor may develop or acquire, or may have developed or acquired, independently of the performance of its obligations under the Contract, the Agency does not and shall not claim any ownership

interest thereto, and the Contractor grants to the Agency a non-exclusive, perpetual and irrevocable license to use such intellectual property or other proprietary right.

15. CONFIDENTIALITY

(a) All technical, financial or other documentation and data the Contractor compiled for or received from the Agency under the Contract shall be treated as confidential and shall be delivered only to the Agency's authorised officials on completion of the work or services or as requested by the Agency.

(b) The Contractor may not communicate at any time to any other person, Government or authority external to the Agency, any information known to it by reason of its association with the Agency which has not been made public except with the authorisation of the Agency, nor shall the Contractor at any time use such information to private advantage. These obligations do not lapse upon termination of the Contract.

16. USE OF NAME, EMBLEM, OR OFFICIAL SEAL OF THE AGENCY

The Contractor shall not advertise or otherwise make public for purposes of commercial advantage that it is a Contractor of the Agency, nor shall the Contractor, in any manner whatsoever, use the name, emblem or official seal of the Agency or any abbreviation of the name of the Agency in connection with its business or otherwise, without the prior written approval by the Agency. These obligations do not lapse upon termination of the Contract.

17. FORCE MAJEURE

(a) *Force majeure* as used herein shall mean any unforeseeable and irresistible act of nature, any act of war (whether declared or not), invasion, revolution, insurrection, terrorism, or any other acts of a similar nature or force, provided that such acts arise from causes beyond the control and without the fault or negligence of the Contractor.

(b) In the event of or as soon as possible after the occurrence of any cause constituting *force majeure*, the Contractor shall give notice and full particulars in writing to the Agency of such occurrence if the Contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under the Contract. The Contractor shall also notify the Agency of any other changes in conditions or the occurrence of any event which interferes or threatens to interfere with the Contractor's performance under the Contract. Upon receipt of the notice required under this Article, the Agency shall take such action as, in its sole discretion, it considers to be appropriate or necessary in the circumstances,

including the granting to the Contractor of a reasonable extension of time in which to perform its obligations under the Contract.

(c) If the Contractor is rendered permanently unable, wholly or in part, by reason of force majeure to perform its obligations and meet its responsibilities under the Contract, the Agency shall have the right to terminate the Contract on the same terms and conditions as are provided for in Article 19 ("Termination") of these General Terms and Conditions, except that the period of notice may be seven (7) days instead of thirty (30) days.

18. AMENDMENT

Except as otherwise expressly provided in the Contract, the provisions of the Contract and the annexes thereto may be amended or supplemented only by means of a written agreement signed by all of the Parties or their authorised representatives.

19. TERMINATION

(a) The Agency may terminate the Contract in whole or in part, and at any time, upon thirty (30) days' notice of termination to the Contractor. The initiation of arbitral proceedings in accordance with Article 20 ("Settlement of Disputes") of these General Terms and Conditions, shall not be deemed a termination of the Contract.

(b) The Agency may terminate forthwith the Contract at any time should the funding for the Agency be curtailed or terminated, in which case the Contractor shall be reimbursed by the Agency for all reasonable costs incurred by the Contractor prior to receipt of the notice of termination.

(c) In the event of termination by the Agency, no payment shall be due from the Agency to the Contractor except for work and services satisfactorily performed and accepted by the Agency in accordance with the express terms of the Contract.

(d) Should the Contractor be adjudicated bankrupt, or be liquidated or become insolvent, or should the Contractor make an assignment for the benefit of its creditors, or should a Receiver be appointed on account of the insolvency of the Contractor, the Agency may, without prejudice to any other right or remedy it may have under the Contract terminate the Contract forthwith. The Contractor shall immediately inform the Agency of the occurrence of any of the above events.

20. SETTLEMENT OF DISPUTES

(a) **Amicable Settlement:** The Parties shall use their best efforts to settle amicably any dispute, controversy or claim arising out of this Contract or the breach, termination or invalidity thereof. Where the Parties wish to seek such an amicable settlement through

conciliation, the conciliation shall take place in accordance with the Conciliation Rules then obtaining of the United Nations Commission on International Trade Law (“UNCITRAL”), or according to such other procedure as may be agreed between the Parties.

(b) **Arbitration:** Any dispute, controversy, or claim between the Parties arising out of the Contract or the breach, termination, or invalidity thereof, unless settled amicably under Article 20(a) above (“Amicable Settlement”), within sixty (60) days after receipt by one Party of the other Party’s written request for such amicable settlement, shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The decisions of the arbitral tribunal shall be based on general principles of international commercial law. The arbitral tribunal shall be empowered to order the return or destruction of goods or any property, whether tangible or intangible, or of any confidential information provided under the Contract, order the termination of the Contract, or order that any other protective measures

be taken with respect to the goods, services or any other property, whether tangible or intangible, or of any confidential information provided under the Contract, as appropriate, all in accordance with the authority of the arbitral tribunal pursuant to Article 26 (“Interim measures”) and Article 34 (“Form and effect of the award”) of the UNCITRAL Arbitration Rules. The arbitral tribunal shall have no authority to award punitive damages, nor to award interest in excess of the London Inter-Bank Offered Rate (“LIBOR”) then prevailing, and any such interest shall be simple interest only. The Parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such dispute, controversy or claim.

21. PRIVILEGES AND IMMUNITIES

Nothing in or relating to the Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of the Agency.

LTA Reference Number: [Reference Number]

Solicitation: [Reference Number]

This LTA comprises [Number in letters] ([Number]) pages, excluding this cover page and 3 (three) Annexes (1 to 3).

⁵ Drafting note: Please replace this with the LTA template if applicable to the RFP.

LONG TERM AGREEMENT
BETWEEN THE INTERNATIONAL RENEWABLE ENERGY AGENCY (IRENA) AND [Name of the Contractor]
FOR THE PROVISION OF [Insert description]

This Long Term Agreement (“Agreement” or “LTA”) is made between the International Renewable Energy Agency, with its headquarters in Masdar City, P.O. Box 236, Abu Dhabi, United Arab Emirates, (hereinafter “IRENA”) and [Name of the Contractor] [located at] [with its headquarters at] (hereinafter the “Contractor”).

WHEREAS IRENA desires to enter into an LTA for the provision of services by the Contractor to IRENA, pursuant to which specific contractual arrangements may be concluded between IRENA and the Contractor, as provided herein;

WHEREAS the offer of the Contractor dated [date], submitted in response to the IRENA [Request for Proposal][Invitation to Bid] [number], dated [date], was accepted by IRENA;

NOW, THEREFORE, IRENA and the Contractor (hereinafter collectively the “Parties” and individually a “Party”) hereby agree as follows:

Article 1: DEFINITIONS

1. In this Agreement, words and expressions shall have the same meanings as respectively assigned to them in the IRENA General Terms and Conditions for Professional Services and the Terms of Reference, both annexed to this Agreement. In addition, the following words and expressions shall have the meanings hereby assigned to them:
 - 1.1 “Agreement” or “LTA” means this document, its Annexes and any further amendments as may be made thereto in accordance with Clause 18 of the IRENA General Terms and Conditions for Professional Services;
 - 1.2 “Annex 1” means the IRENA General Terms and Conditions for Professional Services;
 - 1.3 “Annex 2” means the Terms of Reference;
 - 1.4 “Annex 3” means the Price Schedule;
 - 1.5 “Contractor” means the legal entity named in the preamble of this Agreement or its successors. The Contractor shall be the only interface for all matters pertaining to execution of the Services under this Agreement;
 - 1.6 “Party(ies)” means IRENA and/or the Contractor, as the context requires;
 - 1.7 “Proposal” means the Contractor’s Proposal dated [date] submitted in response to the IRENA [Request for Proposal][Invitation to Bid] [number] dated [date], known to both Parties and not reproduced herein;
 - 1.8 “Purchase Order” means the order placed by IRENA from time to time to purchase specific types and quantity of Services from the Contractor at the price and under the terms and conditions

mutually agreed in this Agreement and which, when signed by both Parties, shall constitute a contract between the Parties;

- 1.9 “Services” means [Insert description] referred to as “[short name]” as defined in the Terms of Reference contained in Annex 2 to this Agreement. *Note: The text to be included in this provision should match whatever is included in the title of this Agreement as set forth on the cover page and in the header of the first page of text.*

Article 2: PURPOSE OF THE LTA

1. This Agreement is non-exclusive, and is established to allow IRENA to purchase the Services specified in Annex 2 from the Contractor, as and when required, at the price and under the terms and conditions specified herein.
2. IRENA does not warrant that any quantity of Services will be purchased during the term of this Agreement; nor does this Agreement create any financial commitment on the part of IRENA. IRENA shall not be liable for any cost, and the Contractor shall not be entitled to any compensation, in the event that no purchase of Services is made under this LTA.

Article 3: RESPONSIBILITIES OF THE CONTRACTOR

1. The Contractor shall provide IRENA with the Services at the price and under the terms and conditions set forth herein, for the entire duration of the Agreement, only in accordance with Purchase Orders placed by IRENA pursuant to this Agreement.
2. Upon receipt of a signed Purchase Order from IRENA, the Contractor shall sign and return it to IRENA within five working days of its receipt. Once signed by both Parties, the Purchase Order shall constitute a contract between IRENA and the Contractor.
3. In the conduct of its work under the LTA, the Contractor shall exercise the highest skill and judgement and cooperate with IRENA, including IRENA’s officials, consultants and agents, in best furthering the interests of IRENA and the aim of this LTA. The Contractor shall provide efficient business administration and supervision, and perform the Services to the highest standard and in the most expeditious and economical manner consistent with the requirements set forth in this LTA.

Article 4: RESPONSIBILITIES OF IRENA

1. IRENA shall designate members of its staff to act as points of contact for the Contractor, and shall promptly notify the Contractor thereof, to ensure that the Services are carried out in accordance with this Agreement. IRENA shall respond promptly to requests for information by the Contractor regarding the Services.
2. IRENA shall pay the Contractor for each Purchase Order and resulting delivery of Services made in accordance with the terms of this LTA, a sum which shall be based on the type and quantity of Services ordered by IRENA in the respective Purchase Order and delivered by the Contractor, at the price specified in this LTA. Payment shall be due by IRENA only subject to the full and satisfactory performance by the Contractor of its obligations under the LTA and acceptance by IRENA of the Services ordered under this

LTA.

Article 5: PRICING

1. For each Purchase Order placed under this Agreement, the Services shall be provided at the prices set forth in Annex 3.
2. Except as provided under Article 6 below, the prices shall remain in effect and fixed for the entire duration of this Agreement and any further extension thereof, and shall not be subject to escalation.
3. The prices set forth in Annex 3 shall cover all costs and expenses incurred by the Contractor for the full and proper performance of all obligations under the LTA (including management and remuneration of the personnel, national income tax, medical insurance, travel, and social security contributions). The price shall include all taxes, fees, duties and charges owed by the Contractor at the conclusion of this LTA or implementation of the Services ordered thereunder.

Article 6: CHANGES IN THE SERVICES AND/OR PRICING

1. In the event of any technical changes in the specification of the Services and/or lowering of the market prices for the Services during the term of this Agreement, the Contractor shall notify IRENA immediately. IRENA shall consider the impact of any such event and may request an amendment to the Agreement.
2. The Contractor shall be responsible to apply to the Purchase Orders issued under this Agreement any special offer or discounts (if applicable) which may become effective after entry into force of this Agreement or placement of a Purchase Order. Such offer or discounts shall be reflected in the corresponding Purchase Order or invoice, as applicable.

Article 7: NOTICES

Notices, invoices and other documentation under the LTA shall be delivered or sent to the relevant Party at the following address (or such address, facsimile number or email address as the Party may substitute by notice after the date of the LTA):

(a) IRENA:

Attn: Director of Administration and Management Services
International Renewable Energy Agency
IRENA Headquarters, Masdar City
P.O. Box 236, Abu Dhabi,
Tel.: +971 24179000
administration@irena.org

(b) [Name and contact details of the Contractor's point of contact]

Article 8: ACCEPTANCE

1. This Agreement supersedes all prior oral or written agreements, if any, between the Parties and,

together with the Purchase Orders concluded thereunder, constitutes the entire agreement between the Parties with respect to the provision of the Services hereunder.

2. Each Purchase Order under this Agreement shall incorporate by reference all of the terms and conditions of this Agreement, including its Annexes 1 to 3. The IRENA General Terms and Conditions for Professional Services, contained in Annex 1, shall apply to this Agreement, as well as to any subsequent Purchase Orders concluded in accordance with the terms stated herein.

Article 9: ENTRY INTO FORCE AND DURATION

This Agreement shall enter into force on the date of the last signature by the representatives of the Parties as named below and shall remain in force for a duration of [one (1) year][two (2) years], and may be extended for up to a total cumulative duration of four years by mutual agreement of the Parties in writing. IRENA reserves the right to terminate this Agreement if the Contractor's performance is not satisfactory to IRENA.

Article 10: PRIORITY OF DOCUMENTS

If there are discrepancies or conflicts between any of the documents that are part of this Agreement, the document to prevail shall be given precedence in the following order:

- a. This Agreement;
- b. The IRENA General Terms and Conditions for Professional Services (Annex 1);
- c. The Terms of Reference (Annex 2) and the Price Schedule (Annex 3);
- d. The Contractor's Proposal dated [date], incorporated herein by reference.

IN WITNESS WHEREOF, the duly authorised representatives of the Parties have signed this Agreement on the date(s) set forth below.

To: IRENA, Chief Procurement Officer
[Insert IRENA address as indicated in the Data Sheet]

Dear Sir/Madam:

We, the undersigned, hereby offer to provide professional services as described in your Request for Proposal dated [date] and our Proposal. We are hereby submitting our Proposal, which includes the Technical Proposal and Financial Proposal sealed under separate sealed envelopes.

We hereby declare that:

- a) All the information and statements made in this Proposal are true and we accept that any misrepresentation may lead to our disqualification.
- b) We are currently not on any United Nations sanctions list;
- c) We have no outstanding bankruptcy proceedings or pending litigation or legal action that could impair our operation as a going concern;
- d) We do not employ or otherwise engage, nor anticipate employing or engaging during the performance of the services required under the RFP any person who is or was recently employed by IRENA.

We confirm that we have read, understood and hereby accept the Terms of Reference describing the duties and responsibilities required of us in this RFP and the General Terms and Conditions for Professional Services of IRENA.

We agree to abide by this Proposal for [insert Proposal validity period as indicated in the Data Sheet] days.

⁶ No deletion or modification may be made to this form. Any such deletion or modification may lead to the rejection of the Proposal.

We fully understand and recognise that IRENA is not bound to accept this Proposal, that we shall bear all costs associated with its preparation and submission, and that IRENA will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the evaluation.

Yours sincerely,

Section 11: Form of Bank Guarantee for Advance Payment

This must be finalised using the official letterhead of the issuing bank. Except for indicated fields, no changes may be made to this template.

Note: All italicized text is for indicative purposes only to assist in preparing this Form and shall be deleted from the final product.

_____ [Bank's name, and address of issuing branch or office]
Beneficiary: _____ [Name and address of IRENA as provided in Data Sheet]
Date: _____
Advance Payment Guarantee No.: _____

We have been informed that [name of company] (hereinafter called "the Contractor") has entered into Contract No. [reference number of the Contract] dated [insert date] with you, for the provision of [brief description of Services] (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum of [amount in words] ([amount in figures]) is to be made against an advance payment guarantee.

At the request of the Contractor, we, [name of Bank], hereby irrevocably undertake to pay you any sum or sums not exceeding in total an amount of [amount in words] ([amount in figures])¹⁰ upon receipt by us of your first demand in writing accompanied by a written statement stating that the Contractor is in breach of its obligation under the Contract because the Contractor has used the advance payment for purposes other than toward providing the Services under the Contract.

It is a condition for any claim and payment under this guarantee to be made that the advance payment referred to above must have been received by the Contractor on its account number _____ at [name and address of Bank].

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Contractor as indicated in copies of certified monthly statements which shall be presented to us. This guarantee shall expire, at the latest, upon our receipt of the monthly payment certificate indicating that the Consultants have made full repayment of the amount of the advance payment. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

This guarantee is subject to the Uniform Rules for Demand Guarantees, ICC Publication No. 458.

[signature(s)]

¹⁰ The Guarantor Bank shall insert an amount representing the amount of the advance payment and denominated in the currency of the advance payment as specified in the Contract.
