

SPECIAL INSTRUCTIONS TO BIDDERS

Set of NDT equipment for concrete testing for Peru (RLA0054)

1. Propose alternatives

The Bidders may propose alternatives that differ from the Specification, but are intended to produce the same or better results for this application. In such cases, there must be clearly stated and justified in the offer and sufficient technical information shall be provided for assurance of compliance with the Specification.

2. Quotation

Any assumptions made in the Supplier's offer (e.g. facilities, standards, equipment already possessed by End-User) must be clearly identified.
