

1. Please clarify support which UNICEF will provide to the supplier's local team regarding the provision/acquisition of: A. UNHAS flights, B. Road transport/Journey Management support, C. Security briefing/guidance, D. Assistance accessing UNICEF project locations- E.g. UN ID cards/ covering letters, E. Incident management support.

Response: Local consultant(s) based and working in Afghanistan are expected to have own systems in place to manage security and travel in country. Introductory letters are provided for access to project partners and locations. Security briefing is provided on arrival to project locations and support to access UNHAS flights is also provided as required.

For international consultants who would come to Afghanistan are provided the courtesy of airport pick up and drop off, security briefing and clearance. They will be part of the security management system staff including incident management and evacuations as necessary, introductions/access letters/IDs to UN, partner and UNICEF locations is granted accordingly. UNICEF Afghanistan facilitates UN vehicles for in-country road transport and can also facilitate scheduling of internal UNHAS flights if needed. UNICEF also facilitates access to accommodation at UN guesthouse in Kabul and field. Please note any associated costs related to these services shall be borne by the contractor.
