

Questions & Answers
RFPS-NYH-2020_503254

| # | Question | Answer |
|---|--|---|
| 1 | Will UNICEF accept a consortium of partners to respond to this RFP? | Please check RFPS document's page 7 para 4.2, page 9 para 7.2 and page 13 para 2.4. |
| 2 | Are the proposed timelines in the RFP linked to any governance processes or procedures for UNICEF or other key partners? | No |
| 3 | Could you please provide more information regarding the internal workgroup as well as the external advisory group (e.g., which competencies / organisations will be represented in these groups, what is envisioned to be the roles and responsibilities of the internal workgroup compared to the external advisory group, who will hold the decision making responsibility)? | Decision making is done by UNICEF as project lead. Decision making may be informed by consultation of the internal workgroup and/or external advisory group. |
| 4 | Is the service provider expected to organize and manage the external advisory group as part of this submission? | The external advisory group will be established by UNICEF at the beginning of the project (after the award of this service project). |
| 5 | Can the work performed for other partners working towards the development of MR-MAPs (e.g., MR-MAP use cases definition and sizing) be leveraged for the Value Proposition? | Only one vendor will be awarded (see Q1 and answer related to consortia). UNICEF has the intention to create synergy with existing groups (e.g. MR-MAP WG, VIPS) where feasible. In case service providers have certain gaps, that may be missing and/or may be accessed elsewhere, it is encouraged to flag/describe this in the proposal. |
