

Questions & Answers : LRFPS-2020-9163779 - Evaluation Key Result for Children # 2 -Prevention of stunting

	Questions from suppliers	Evaluation UNIT response
1	<p>1.Section III. Description of the assignment – Geographical Scope, p. 8: “The documentary review will cover all the actions implemented in all the communities in the following two countries: Liberia and Niger as well as in the other Country Offices which have elected KRC2 as a priority target (12 countries: Niger, Congo, Mali, BF, Mauritania, Senegal, Nigeria, DRC, Togo, Ghana, Guinea and Cameroon).” As Niger is mentioned twice, please kindly confirm whether this has been a repetition/oversight and which other countries will be considered for the documentary review besides Liberia and Niger, as well as the quantity (12 or 11, for example).</p>	<p>The repetition was indeed a repetition/oversight. The total list of countries covered by this evaluation is 12</p>
2	<p>2.Section VI. Qualification Requirements, p. 17: it is required that the evaluation team be composed of at least 15 people. The TdR specify that 1 Team Leader and 10 National Consultants - Nutrition Specialists (2 for each country) are required for this assignment. We would like to confirm how many ‘international specialist in nutrition’ are expected and whether the minimum number of team members (15) also includes the enumerators or not.</p>	<ul style="list-style-type: none"> •The team will include an International Team Leader, an International Nutrition Specialist, 10 national nutrition specialists (2 for each country)= Total of 12 members. •Data enumerators will vary for each country depending on the technical proposal submitted by the bidder
3	<p>3.Section VI. Qualification Requirements, p. 18: it says the National Evaluation Consultant (Nutrition Specialist) must “Have excellent oral and written communication skills in English and French”. Is fluency in both languages required even for countries where one of the languages is not spoken? (E.g., should the National Consultant for one of the English-speaking countries presented in the TdR also have full professional proficiency in French?).</p>	<p>Understanding French would be an asset for those national consultants in English-speaking countries and vice versa. The idea is indeed that national consultants will be in a position collaborate with each other.</p>
