Call for Proposals from NGOs/CSOs

Engaging an NGO/CSO as Responsible Party for managing small grants programme on the issues of community development and security initiatives, social cohesion, social integration, conflict prevention and peacebuilding, gender equality and GBV prevention, community policing, promotion of participatory budgets, civil society peer-to-peer support programmes, CSO mentoring system, inter-municipal cooperation, support to women-led CSOs in the target hromadas of Donetsk, Luhansk, Zaporizhzhia, Kherson, Mykolaiv, Sumy and Chernihiv oblasts.

I. BACKGROUND INFORMATION

The ongoing conflict in eastern Ukraine has had a direct and profoundly negative impact on social cohesion, resilience, livelihoods, community security, and the rule of law. Recognising the need to urgently address reconstruction, economic recovery and peacebuilding needs in areas affected both directly and indirectly by the conflict, in late 2014 the Government of Ukraine requested technical assistance and financial support from the international community to assess priority recovery needs. In late 2014, the United Nations, the World Bank and the European Union conducted a Recovery and Peacebuilding Assessment, which was endorsed by the Cabinet of Ministers in mid-2015.

UNDP has been active and present in eastern Ukraine for the past decade, prior to the conflict, with a focus on community development, civil society development, and environmental protection. Work on addressing the specific conflict-related development challenges discussed above built on this earlier engagement and established partnerships and started in 2015 through the United Nations Recovery and Peacebuilding Programme (UN RPP), a multi-donor funded framework programme jointly implemented by four United Nations partnering agencies: the United Nations Development Programme (UNDP), the UN Entity for Gender Equality and the Empowerment of Women (UN Women), the United Nations Population Fund (UNFPA) and the Food and Agriculture Organisation of the United Nations (FAO).

The UN RPP was designed to respond to and mitigate the causes and effects of the conflict. It is based on findings of the Recovery and Peacebuilding Assessment (RPA). It is aligned to the State Target Programme for Recovery as well as to the two oblasts development strategies up to 2020. The UN RPP involves three pillars for action: 1) restoration of infrastructure and economic recovery; 2) support to local governance and related capacity building; and 3) social resilience and peacebuilding. It is an integral component of the UNDP Country Programme and is therefore fully aligned with the United Nations Partnership Framework (UNPF). It is closely interlinked

with the Democratic Governance and Reform Programme, operating nationally and in all of Ukraine's regions and is consistent with the SDGs, in particular, SDG 16 (Peace, Justice and Strong institutions).

As an area-based programme specifically developed for the conflict-affected areas of eastern Ukraine, the UN RPP addresses the key stabilisation, peacebuilding, economic and governance priority needs in the east of Ukraine following the start of the conflict. It considers the opportunities that have arisen from the Minsk Protocol of September 2014 and the renewal of its cease-fire provisions (the latest cease-fire having been agreed in March 2018) and is also fully adjusted to the humanitarian-development nexus.

The Programme's interventions are grouped under the following key Programme components, which reflect the region's priority needs:

Component I: Economic Recovery and Restoration of Critical Infrastructure

Component II: Local Governance and Decentralisation Reform

Component III: Community Security and Social Cohesion (CSSC).

The Programme, which operates based on a pooled funding arrangement, follows a multi-sectoral programme-based approach and is implemented using an area-based methodology. With the current project, it is a unifying interventions framework for twelve projects funded by twelve international partners.
