CLARIFICATION I TO UNFPA/USA/REoI/21/003

1. As there would be possible costs incurred related to testing and validation is there any financial assistance anticipated as part of this project?

UNFPA will not be in a position to provide financial assistance.

2. While the name of the project is “Eco Friendly Condoms” much of the EOI document is discussing condom packaging. What do you see as the primary focus of the project – the condom or the packaging? If we are to focus on packaging would it be all levels of packaging including packaging for shipping, or is the focus expected to be the condom foil?

Packaging - all levels of packing from foil (priority) to tertiary.

Mr. Diego Bragado Zapatero
