- No adverse report regarding services in the last 3 years (Form G).
- Provide three references (contact details and information on services provided)

Returnable Bidding forms

Schedule of Requirements

Schedule of Requirements

Activities:

- Review of the current AIM document, identifying its strengths and areas for improvement, as well as opportunities to update information.
- Consultations (as needed) with the WHO team leading the GTS revision, review of proposed GTS updates, and their implications for a revised AIM.
- Targeted consultations with health and malaria financing experts to develop a high-level investment case for external malaria financing, and a domestic malaria financing strategy that promotes best practices.
- Additional consultations through the RBM partner committees to ensure that financing recommendations are aligned with technical recommendations to malaria endemic countries and consensus messaging for the global malaria community
- Preparation of a draft AIM document for the RBM Board meeting in May 2021 and a final draft thereafter in response to board feedback. A presentation to the Board may also be requested.

Outputs:

1. Draft AIM document
2. Final AIM document

Thank you
