

TERMS OF REFERENCE (TOR) FOR SPOT CHECK

This TOR was developed to guide United Nations agencies, service providers and Implementing Partners (IPs) through the objectives, scope, timeline, and deliverables of the requested agreed-upon procedures engagement. (See Annex 1 for programme-specific information)

Purpose of Agreed-upon Procedures Engagements

An agreed-upon procedures attest engagement involves engagement of the service provider to prepare a report on factual findings based on specific, agreed-upon procedures performed. As the service provider is engaged to report on findings of the agreed-upon procedures, no assurance is expressed. Instead, users of the report assess for themselves the procedures and findings reported by the service provider and draw their own conclusions. The report is restricted to parties that have agreed to the procedures to be performed, since others, unaware of the reasons for the procedures, may misinterpret the results.

Standards

The attestation engagement should be conducted in accordance with ISRS 4400, *Agreed-upon Procedures Regarding Financial Information*.

Scope of the Spot Check Agreed-upon Procedures Engagement

Spot checks are performed to assess the accuracy of financial records for cash transfers to IPs, status of the programme and whether there have been any significant changes to applicable internal controls. The spot check is not an audit.

Spot Check Procedures

The following are examples of procedures to be performed during the spot check. The actual procedures to be performed must be confirmed with the UNICEF Office HACT Focal Point prior to the start of the spot check.

1. Inquire of IP management whether there have been any changes to internal controls since the prior micro assessment from the current programme cycle. Document any changes identified, if any.
2. Obtain a listing of all programme-related expenditures that support the actual programme expenditures submitted by (insert IP name) on FACE form (insert date and number) for the agreed-upon procedures engagement and perform the following:
 - Select a sample of expenditures using a statistical (i.e. random sampling) or non-statistical (e.g. high value or high-risk items) approach amounting to at least 50% of total expenditures for the period. At least one item should be selected from each expense category which is greater than 5% of the total expenditure for the period. Provide a detailed listing of expenditures selected as samples.
 - For each sample selection perform the following procedures:
 - Verify that documentation exists to support the expenditure in accordance with the IP's rules and procedures and agreements with the agency.
 - Verify that the activity related to the expenditure is in accordance with the work plan.¹
 - Verify that the expenditure has been reviewed and approved in accordance with the IP's rules and procedures and agreements with the agency.
 - Verify that the expenditure was reflected on a certified FACE form submitted to the agency.
 - Verify that the expenditure was reflected in the IP's accounting records (official book of accounts) and bank statement.

¹ Agency work plans can be annual, multi-year, rolling or joint.

- Verify that supporting documents are stamped ‘PAID by UNICEF resources’ (or coded to and recorded in a separate fund to ensure there is no duplicate claiming of expenditure to UNICEF and/or another funding agency), indicating which agency funded the transaction.
 - Verify that the FACE form was submitted consistent with the periodicity-of-disbursement requirement in the HACT framework (two weeks).
 - Verify the price paid for goods or services against United Nations agreed standard rates (if readily available).
3. If separate bank accounts are maintained for agency-granted funds, perform the following procedures:
- Verify that the activity per the bank statements agrees with that reflected in the accounting records. Document any variances noted; and
 - Confirm that a bank reconciliation was completed and the balance has been reconciled to the accounting records. Document any variances noted.

Deliverables

The service provider prepares a report in accordance with ISRS 4400. The report template is provided in Annex 2.

Prior to the conclusion of the site visit, the service provider holds an exit meeting with the IP to discuss any initial findings. The UNICEF Office Focal Point should be invited to attend the closing meeting at their discretion.

The service provider provides the draft spot check report and summary of findings and observations to the IIP to provide any further clarification and management responses.

The spot check report is then provided to the UNICEF Office Focal Point for review and comment.

The final reports are to be provided in Word format. Where service provider’s internal policies require the final signed version to be provided only in PDF, UNICEF will accept the PDF version accompanied by a Word version with same content but without signature and/or branding (as per service provider’s internal policies).

Qualifications of the Party Service Provider

As noted in ISRS 4400 paragraph 7: “The auditor should comply with the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (IESBA Code). Ethical principles governing the auditor’s professional responsibilities for this type of engagement are:

- (a) Integrity;
- (b) Objectivity;
- (c) Professional competence and due care;
- (d) Confidentiality;
- (e) Professional behavior; and
- (f) Technical standards.”

Independence is not a requirement for agreed-upon procedures engagements. However, the terms or objectives of an engagement or national standards may require the party service provider to comply with the independence requirements of the IESBA Code. Where the service provider is not independent, a statement to that effect should be made in the report of factual findings.

[Please add service provider qualifications i.e. number of experience, certain qualifications, etc.]

The service provider staff must be experienced in applying ISRS standards for at least 5 years. The service provider should employ staff with recognized professional qualifications and suitable experience with ISRS standards, including experience in reviewing similar entities.

Items to be Provided to the Service Provider

UNICEF County Office HACT Focal Point provides the following documentation in advance of starting fieldwork:

- Work plan and any progress reports submitted during the year;
- Micro assessment report and any related agreed actions, reports of relevant field monitoring visits, available audits reports and other documentation that may help to understand the IP's internal controls and supported activities.

To ensure efficient use of time, the service provider reviews the information received and provides the IP with a list of requested documents in advance of any site visits.
