

Question:

Eligibility - Request to let know if this grant support – call for proposal is open for for-profit private entities/companies.

Answer:

UNOPS holds a policy in Grant Support where it is stated that grantees should have the nature of a non-profit organization. In case you decide to apply for this opportunity, you will be evaluated but in case of being successfully evaluated, your organization would have to go through another level of internal review and approval linked to exceptional cases.

Therefore, we don't discourage you from applying for this opportunity but we would like to inform you about the process that would be necessary to complete your evaluation in line with UNOPS policies.

Question:

Eligibility minimum requirement says:

Located within a SEA constituency country (Bangladesh, Bhutan, Democratic People's Republic of Korea, India, Indonesia, Maldives, Myanmar, Nepal, Sri Lanka, Thailand and Timor-Leste). Having offices legally registered in one of these countries makes an organization eligible?
