Corrigendum to RFP Number: RFP/UNITAR/NCD/2021/001

The above referenced RFP has been revised to rectify a typo and pagination. UNITAR hereby issues this corrigendum to the RFP on 7 May 2021. The revised RFP with the below mentioned corrections is uploaded on to the United Nations Global Marketplace herewith.

Corrections to the RFP

1. The page numbering in the RFP document from page 40 onwards was inconsistent and has been corrected.

2. In Annex E, page 50 of the RFP, Table 1: Point Scoring Scheme for evaluation Proposals, Section B. Technical Assessment Part II, the score for Item 5 (Understanding of overall project concept and quality of the proposal is **50** (not 75)). Nothing changes in all the "Score Point" values for other items in Section B. The Total score for the Technical Assessment in the line "**Total of A and B**" in Table 1 remains at 1,000 points.

Both the above corrections have no effect whatsoever on any substantive issue covered by the RFP.
