

**LRPS-2021-916199 COVID-19 Vaccine Perceptions Study**  
**Clarifications to Questions from Bidders**  
**Part 4 - 23-Apr-2021**

No	Reference	Question from Bidders	Clarification from UNICEF
1	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	- Should the bidder only propose countries in the East Asia and Pacific (EAP) region where UNICEF operates?	Yes, only countries that have a (local) UNICEF Country Office within East Asia and Pacific Region should be proposed.
2	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	- How is high/ medium/ low community spread of COVID-19 defined?	Because COVID-19 pandemic is changing so quickly within and between countries, this categorization is no longer considered important. UNICEF will prioritize countries where the bidding organization has the capacity to carry out the research (vs focusing on level of spread).
3	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	- Is there a list of peer reviewed journals recognized by the TAG that the selected institution should submit the manuscript to?	There is not a specific list. The decision for the journal can be made in consultation with Regional and country office staff along with the contracted organization.
4	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	- What is the proportion between literature review and survey?	UNICEF anticipates 10% literature review, 90% survey in both weight and time.
5	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	- Can the bidder offer additional analysis method, for example meta-analysis or policy analysis?	Feel free to suggest additional analytic methods as bidder see appropriate to the work and this assignment.
6	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	- Is there any previous study that UNICEF would like the bidder to build on?	There is not a specific prior study this work will build on, but UNICEF would like the data collection tools to build on the BeSD work on vaccine demand as these question have been validated to a certain extent and informed by global experts.
