

LRPS-2021-916199 COVID-19 Vaccine Perceptions Study

Clarifications to Questions from Bidders

Part 1 - 9-Apr-2021

No	Reference	Question from Bidders	Clarification from UNICEF
1	Annex B : Terms of Reference 2. Objectives, Purpose & Expected Result 3. Description of assignment	<p>The TOR mention that the quantitative research will be carried out in two countries:</p> <ul style="list-style-type: none">• one EAP country with medium/high community spread of COVID-19 4 (e.g., Indonesia), and• one EAP country with relatively low community spread (e.g., Papua New Guinea). <p>- How will the two countries be selected?</p> <p>- Can the bidder propose two countries in their response, or will the decision be made by the Technical Advisory Group in consultation with the successful institution?</p>	<p>The bidder is encouraged to propose two countries in their response according to where they have capacity to carry out the activities and also based on their rationale for inclusion.</p> <p>Given the fast-paced changes in COVID-19 pandemic in the region, less focus will be put on requiring one country with low-spread in community and one relatively high-prevalence country. UNICEF acknowledge this is a very dynamic time.</p>
