

Amendment # 2

Title: Request for Information for Roster NGOs
RFP: UNDP/AFG/RFI/2021/00000010189

United Nations Development Programmed (UNDP)

S/no	RFI Reference	Questions	Responses
1	RFI-10189 Document	If a consulting company with a direct capacity development mandate for more than one local Afghan NGOs, who have decided to collaborate with each other. While they may work individually in their areas and regions of operation, they have also opted to join forces and offer coordinated, integrated services in various sectors in their target areas. They may choose to submit an RFI response individually. However, since they are representing their collaborative capabilities and would like to submit a response to your RFI as a consortium. Would UNDP accept such submission?	They would need to submit individually since they are different legal entities. If they want to present as a consortium, a MoU among them is required, clearly outlining roles and responsibilities etc.

Yours sincerely,

Procurement Specialist
