Clarifications to Questions from Bidders

Part 2 - 16-Sep-2021

| No | Reference | Question from Bidders | Clarification from UNICEF |
|----|--|--|---|
| 1 | Annex B: Term of Reference (TOR) 3. Description of assignment | As household GPS data is not available. Instead, will bidder be granted access to the "key" that matches cluster numbers in the datasets (e.g., MICS) with the enumeration areas in the Census maps, as well as access to Census maps? That is, will bidder get access to GPS data of clusters (instead of households) in order to merge these clusters with climate data? | The GSPcoordinates at cluster level is not part of the agreed shared dataset and thus not available for use for analysis. The geographical disaggregation can only be done at either regional level or provincial level, for the 17 selected provinces. |
