UNIDO CLARIFICATION NOTE NO.1

Invitation to Bid (ITB) No. 7000005381

PURCHASE OF EQUIPMENT FOR HVAC SERVICE TECHNICIANS IN ARGENTINA

with option to extend to a LONG-TERM AGREEMENT (LTA) for a period of 3 years plus possibility of extension for two more years, if and when required

Questions	Answers
<p>1. Can you please inform us if you consider alternative models from the one listed in the technical requirements? Please share the required general technical specification for each item.</p> <p>2. ToR seems to have a reference to training, especially in the bid's title, however no specific explanation is made in the text. Could you please tell me, if any training on the proper use of the requested equipment and/or safe use of flammable refrigerants is requested?</p>	<p>1. Alternative models will be considered, providing that proposed alternative models fulfill required technical parameters – this should be confirmed in the offer and all relevant technical data attached to allow verification and technical acceptability during evaluation. In tender documents, Section II - Technical specifications include all requirements (dimensions and voltage/current/resistance where applicable).</p> <p>2. Please note that scope of supply does not include training - only the equipment required for the training of technicians. In addition training on the proper use of the requested equipment is also not within the requested scope.</p>

Please also note extension of deadline for the submission of offers until 23 March 2022 (18:00 Vienna CET)

A handwritten signature in blue ink is located in the bottom left corner of the page.
