

QUESTIONS AND ANSWERS for REQUEST FOR PROPOSAL: 2022/RFP/010 SUPPLY OF PRE-DESIGNED POWER SOLUTIONS FOR UNHCR OFFICES

No.	Reference	Question	Answer
1	submission deadline	Due to summer vacation time and that many of our suppliers are closing their production this month (July), I would like to ask for a possibility to have a deadline extension?	At this point we are not considering a submission deadline extension
2	submission deadline	Due to the extensive work involved in analyzing and preparing a bid following the TOR, combined with the fact that we are in the middle of the summer vacation period, where many suppliers and external partners are closed or short-staffed, we hereby in advance, kindly request an extension of the deadline for at least four (4) weeks. We thank you for your kind understanding of the same and will revert with another request for clarifications before the deadline mentioned in the RFP.	At this point we are not considering a submission deadline extension
