i) UN Global Compact and Other Considerations

UNHCR supports the UN Global Compact Initiative - put forward on 31 January 1999, by UN Secretary-General Kofi Annan that would bring companies together with UN agencies, labor and civil society to support ten principles in the areas of human rights, labor, the environment, and anti-corruption. We encourage our suppliers to sign up with the UN Global Compact Initiative.

Consequently we have included environmental factors in our pre-qualification criteria for approval of suppliers and even in our tendering and tender evaluation process. UNHCR's policy is to purchase products and services which have the least negative impact on the environment. Environmental considerations covering manufacture, transport, packaging, use and disposal of goods may form part of UNHCR's evaluation and selection criteria

Yours sincerely,
