7 June 2023

**AMENDMENT N° FOUR (4) TO  
INVITATION TO BID  
ITB N° UNFPA/DNK/ITB/23/003**

**FOR SUPPLY OF PHARMACEUTICALS, MEDICAL DEVICES AND KITS**

In accordance with Clause 9 of the Solicitation Document of ITB UNFPA/DNK/ITB/23/003, UNFPA hereby informs that the following amendments were made to the original Invitation to Bid on 7 June, 2023:

**1. Annex 5. Technical Requirements for Medical Devices.**

1.1. Section 3.7 Environmental Management Systems has been modified as follows:

“Is preferable for the Manufacturers to include with the offer proof of ISO 14001 (Environmental Standard) and/or ISO 50001 (Energy Standard) certification. If ISO 14001 is not available, a signed letter is required from a manufacturer stating that if they are awarded with a global LTA with UNFPA, they commit to complete the ISO 14001 certification process before the end of first year of LTA validity.

Proof that carton and paper material used by the manufacturer is FSC (Forest Stewardship Council) certified, if available (from both manufacturer and distributor). Manufacturers can also provide (instead of ISO 14001) waste management services contract, a formal plan for the management of waste, procedures for storage and disposal of MDs, procedures on waste management of the company, a declaration of the Manufacturer that ensure that the packaging has at least one 25 or 30% recycled content / packing.”

**4. Section 4 Schedule of Requirements is revised as follows:**

- 4.4. Lot 4: Interagency Reproductive Health Kits (IARH kits) and complementary kits, Emergency PEP Kit for HIV Treatment/Lot Coverage: All items and all kits should be quoted and at least 80% of items should be compliant. For the items that are compliant, the selected Bidders will need to resubmit the bid via further Limited Bid, which will also include the update of IARH kits composition as per the 7th kit edition.
- 4.5. Lot 5: Other Kits//Lot Coverage: All items and all kits should be quoted and at least 80% of items should be compliant. For the items that are compliant, the selected Bidders will need to resubmit the bid via further Limited Bid, which will also include the update of IARH kits composition as per the 7th kit edition.

**5. Section 4 Schedule of Requirements is complemented as follows:**

The Bidder is requested to provide a secondary source for the range of items highlighted in red in Tab 1 of Annex 9. For the rest of the items, the Bidder can offer 1 (one) alternative per item only if the Bidder Bids for Lots 4 and/or 5.

In such cases, in Tab 1 of Annex 9 in the main rows (bid item ## 1-550), the Bidder needs to indicate the item you are quoting for lot 1 or lot 3 as a primary source. Maximum 1 (one) alternative can be added in the additional rows of Tab 1 of Annex 9 (starting from row #573), and in column 23, the Bidder needs to indicate for which Kits' Lot/s (Lots 4 and/or 5) these items are submitted.

In total 5 alternatives are allowed per each of the Kits Lot, except for those items where UNFPA requests a secondary source and which are indicated in red.

The Tabs 7-8 of Annex 9 for Kit's Lot are blocked for changes, so UNFPA will allocate the items to the correct Kit's Lot.

**Bidders are encouraged to label or mark the supporting documents to the questionnaires to ease in navigating through the submission and performing technical assessments: e.g. Annex B Primary packaging.**

All other terms and conditions of ITB UNFPA/DNK/ITB/23/003 remain unchanged.
