

28 June 2023

To all bidders

**CLARIFICATIONS TO RFP-DAN-2023-503563  
2024-2028 Oral Cholera Vaccines**

**Question 1:** Please clarify the supply chain for delivery of OCV from suppliers.

**Clarification 1:** All shipments of vaccines against UNICEF Purchase Orders will be arranged through UNICEF designated freight forwarders. The Supplier will contact and provide assistance and all required documents to the UNICEF designated freight forwarder well in advance of the scheduled delivery date. The supplier will provide the Notification of Goods Readiness to the UNICEF designated freight forwarder two weeks in advance of the scheduled delivery date. Supplier will make arrangements for the delivery of the shipment with the following delivery terms; FCA [named airport] (INCOTERMS 2020). Bidders are reminded to enter the nearest international airport where indicated in the Answer Sheets.

Kindly refer to Sections 21. Transport and Storage in Annex B – Mandatory Technical Requirements of the UNICEF Tender RFP-DAN-2023-503563.

**Question 2:** Kindly clarify the delivery lead times for shipments after receipt of a UNICEF Purchase Order.

**Clarification 2:** As part of their Commercial Proposal, Bidders should indicate the delivery preparation lead-time after receipt of an UNICEF Purchase Order. The delivery preparation lead-time includes time to complete administrative arrangements, including documentation, packing and marking. The maximum lead time should not exceed 30 days for orders for preventive vaccination campaigns. The maximum delivery preparation lead-time upon receipt of an order for outbreak response should not exceed 48 hours.

Kindly refer to Sections 25. Delivery Preparation Lead-Time and 26. Outbreak Response in Annex B – Mandatory Technical Requirements of the UNICEF Tender RFP-DAN-2023-503563.

Yours Sincerely,

*Kristina Grace Lorensen*
