

RFQ 625278 - Provision of specialized vehicles & equipment – Ukraine

Clarifications for bidders

	CLARIFICATION REQUEST	ANSWER
1	Location of the Nuclear Power Plant where the machine (forklift) will be operating	State Enterprise "USIE Izotop" 152 Antonovycha street, Kyiv, 03150, Ukraine
2	Will the forklift be exposed to radiation due to its activity?	The forklift and other vehicles should be used in a radioactive waste facility, not a Nuclear Power Plant and there is no technical issue with radiation exposure.
3	The IAEA social denomination and all information allowing to evaluate the credit merit, necessary to validate a 30 days after invoice payment.	We don't have a standard statement for this.
