## **PART I – PURPOSE OF THIS REQUEST FOR PROPOSAL**

### **1. PURPOSE**

1.1 UNICEF promotes the rights and wellbeing of every child in everything we do. Together with our partners, we work in 190 countries and territories to translate that commitment into practical action, focusing special effort on reaching the most vulnerable and excluded children, to the benefit of all children, everywhere. The fundamental mission of UNICEF is to promote the rights of every child, everywhere, in everything the organization does — in programs, in advocacy and in operations. The equity strategy, emphasizing the most disadvantaged and excluded children and families, translates this commitment to children’s rights into action. For UNICEF, equity means that all children have an opportunity to survive, develop and reach their full potential, without discrimination, bias or favoritism. To the degree that any child has an unequal chance in life — in its social, political, economic, civic and cultural dimensions — her or his rights are violated. There is growing evidence that investing in the health, education and protection of a society’s most disadvantaged citizens — addressing inequity — not only will give all children the opportunity to fulfil their potential but also will lead to sustained growth and stability of countries. This is why the focus on equity is so vital. It accelerates progress towards realizing the human rights of all children, which is the universal mandate of UNICEF, as outlined by the Convention on the Rights of the Child, while also supporting the equitable development of nations.

1.2 UNICEF vaccine procurement is guided by the principle of vaccine security: the sustained, uninterrupted supply of affordable vaccines of assured quality.

1.3 UNICEF is one of the largest procurers of supplies and services in the United Nations. These supplies and services have a wide-ranging impact on children, their environment, health, learning, protection and inclusion. Given the scale of UNICEF’s vaccine procurement and the importance of ‘leading by example’, how UNICEF pursues procurement is important in its own right but also in relation to the Sustainable Development Goals (SDGs), particularly Goal 12 – “Ensure Sustainable Consumption and Production Patterns” and its target 12.7 – “promote public procurement practices that are sustainable, in accordance with national policies and priorities. UNICEF’s vision is to become a leading practitioner and contributor to the UN sustainable procurement. Sustainable procurement, guided by the principle of environmental, social and economic sustainability, is critical to UNICEF’s supply and logistics operations.

1.4 The purpose of this Request for Proposal (RFP) is to establish long-term arrangement(s) for uninterrupted supply of Bacillus Calmette-Guerin (BCG) in 20 dose vial/ampule presentation vaccine through UNICEF for the period of 2024-2028.

1.5 As a result of this RFP, UNICEF will work with selected manufacturers to establish supply arrangements that best meet the requirements of both parties for ensuring that the specific objectives of this tender are met. These arrangements will provide the basis upon which purchase orders (POs) will be made for specific vaccine deliveries throughout the supply period.

## 2. BACKGROUND

### *Background and Current Market Analysis Section*

#### *a) Product Description:*

Human Tuberculosis (TB) has existed for thousands of years. It is the 13th leading cause of death worldwide, and it is also the second leading infectious disease after COVID-19<sup>1</sup>. No country is TB-free, and the disease is endemic in most poor countries of the world. TB is caused by the bacillus *Mycobacterium tuberculosis* (Mtb), which is spread when people who are sick with TB expel bacteria into the air.

It is estimated that about one quarter of the current global population is infected asymptotically with Mtb, of whom 5-10% will develop clinical disease during their lifetime. According to WHO Global Tuberculosis Report, 2022, an estimated 10.6 million people fell ill with TB worldwide in 2021, with 1.6 million deaths.

Currently, the BCG vaccine is the only available vaccine to prevent tuberculosis (TB) and it is one of the oldest available vaccines which was first used medically in 1921.

#### *b) Programme Background*

WHO recommends universal vaccination with a single dose of 0.05 ml of BCG vaccine to all healthy neonates at birth to prevent TB and leprosy in settings with a high occurrence of TB and/or high leprosy burden.

Despite the overall advances in reducing mortality in recent decades through improved diagnosis and treatment, TB still causes enormous human suffering, poses major economic burden and is one of the major drivers of global inequity. Neonatal BCG vaccination offers partial protection for infants and young children against severe forms of TB, but it does not protect adolescents and adults, who account for the majority of TB transmission. According to WHO's position paper, the development of new vaccines is a high research priority. Reaching the WHO End TB Strategy targets by 2035 will require a new vaccine that is effective across all age groups, particularly adults and adolescents.

#### *c) Procurement Objectives and Principles*

The main objective of this tender is to continue to strengthen the overall vaccine security, ensuring a sustained and uninterrupted supply of affordable BCG vaccines.

The specific objectives of the tender are:

- 1) Ensure continued access to sufficient supply of quality vaccine to meet projected demand, as per country requirements.
- 2) To secure flexibility of supply between presentations, to manage demand variation.
- 3) To maintain diversity in supplier and NRA base as components for a healthy market.
- 4) Ensure continued price affordability and best value for money

<sup>1</sup> [BCG Vaccine Market Analysis - Industry Report - Trends, Size & Share \(mordorintelligence.com\)](https://www.mordorintelligence.com/industry-reports/bcg-vaccine-market-analysis)

- 5) To encourage industry innovation that drives toward UNICEF’s goal that every child lives in a safe, clean and healthy environment.

*d) RFP Demand quantification and award strategy*

UNICEF procures vaccines for 80-100 countries each year covering all or a portion of their routine and supplemental immunization activities. UNICEF annually receives a 5-year forecast from each country that has been reviewed by the Interagency Coordination Committee (ICC) on Immunization in the country. The forecast includes information on the target populations to be vaccinated, wastage rates, coverage rates, shipment plans, current stock levels, funding requirements and anticipated funding sources.

The forecast quantities in this tender are based on the methodologies described above and historical data, using the best information available at the time of preparation. As with all forecasts, UNICEF does expect a degree of variance and therefore will continue to provide awarded manufacturers with regular updates, to ensure that forecasts of both programmatic demand and supply availability are as realistic and accurate as possible.

At the same time, all efforts are made to ensure that supply arrangements are in place with multiple manufacturers well in advance of the demand materialising, to ensure that BCG vaccine is available in sufficient quantities for countries routine immunization programmes.

The forecast volumes for the tender period are expected to remain relatively stable with only modest increases attributable to population growth. The volumes included in this tender is based on the existing demand profile for the countries that traditionally procure BCG vaccine through UNICEF, with the assumption of no change throughout the tender period.

*Overview of the UNICEF BCG vaccine demand forecast for the period of 2024-2028:*

<b>UNICEF BCG Tender forecast 2024-2028 (doses)</b>					
	<b>2024</b>	<b>2025</b>	<b>2026</b>	<b>2027</b>	<b>2028</b>
BCG vaccine,vial of 20 doses	157,570,000	159,140,000	160,740,000	162,340,000	163,970,000

*Award Strategy:*

Upon evaluation of all proposals, the awards are intended to be made as follow:

- **2024-2025:** 100% of the forecasted demand will be awarded
- **2026:** Up to 80% of the forecasted demand will be awarded.
- **2027-2028:** Up to 60% of the forecasted demand will be awarded.

Awards for the remaining unawarded volume in 2026-2028 will be finalized by Q1 of the year before, following finalization of UNICEF annual forecast exercise when more visibility on volume of demand through UNICEF will be obtained.

*e) Bidders forecasts to UNICEF*

It is important that the supply forecasts made by each Bidder to UNICEF and included in the Proposals are accurate and realistic. Ensuring the supply of vaccines to immunization programmes depends to a great extent upon the actual quantities offered by the Bidders in their Proposals and the need stated at country level. Inaccurate and unrealistic forecasts jeopardize supply security and may have a negative impact on immunization programs.

UNICEF is encouraging Proposals from Bidders with products in development and acknowledges that supply forecasts for such products may need further iterations and/or confirmations later in time.

*f) Tender Period*

The tender period will cover supply of BCG vaccines from 1st January 2024 to 31st December 2028.

**3. LONG TERM ARRANGEMENT(S)**

- 3.1 UNICEF wishes to enter into non-exclusive Long Term Arrangement(s) (LTA) for the procurement of the vaccines (Goods) described in Section 2 above, with the specifications outlined in the schedules contained in this RFP, as required from time to time during the term of the LTA. It will be a provision of the LTA that UNICEF will not be committed to purchase any minimum quantity of these vaccines, unless UNICEF specifically agrees to do so in the LTA. UNICEF will not be liable for any cost in the event that no purchases are made under any resulting LTA(s).
- 3.2 Purchases will be made against Purchase Orders to be issued by UNICEF in accordance with the terms and conditions of any resulting LTA(s). Actual quantities to be purchased will vary from Purchase Order to Purchase Order.

- 2.4 Country of Origin. Bidders shall advise of country of origin of vaccines offered, including that for vaccines produced in countries other than that of the Bidder must be indicated, stating the country of origin. Bidders may be required to submit a Certificate of Origin of Goods issued by the Chamber of Commerce or other equivalent authority. *(Information shall be provided as part of Technical Proposal Sheet).*
- 2.5 Sub-contractors. Bidders must identify in their Proposal any products which may be offered by themselves, but originate from another Supplier and/or country. All sub-contracting arrangements will be reviewed by UNICEF as part of its evaluation of the Proposal. In addition, all Bidders not producing the vaccine offered or their own vaccine bulk concentrate must indicate the source(s) for the vaccine quantity offered. Bidders will provide evidence of the contractual agreements for the quantities being offered. Furthermore, the Bidder must confirm that the quantities offered do not violate any contractual commitments made between the Bidder and the vaccine or bulk concentrate manufacturer. *(Information shall be provided as part of Technical Proposal Sheet).*
- 2.6 Catalogues. Bidders, who have not already done so, are kindly requested to include a copy of their current catalogue or list of product offering in their Proposal.

### **3. ACCOUNT MANAGEMENT**

- 3.1 The Bidder will provide UNICEF with organizational charts and names of the responsible persons within each of the following departments: Production, Quality Assurance, Governmental Affairs, Shipping/Logistics, Sales and Marketing, and Environmental, Social and Governance (ESG), specifying the name(s) of the person(s) who will be the primary contact for UNICEF.
- 3.2 UNICEF expects the primary contact person(s) to be able to execute the appropriate account management which includes accurate and reliable planning and forecasting, efficient order processing, accurate and complete documentation, close production follow up, facilitate timely submission to NRA for release and follow-up of the same, shipping and logistics, as well as any other related issues including fast response time to inquiries.

Communication and documentation shall be in English. The communication is seen as an

important prerequisite for successful account management and needs to be frequent, timely and accurate.

- 3.3 The communication on all elements connected to execution of an eventual LTA and subsequent Purchase Orders should be solely between UNICEF and the awarded Supplier. Suppliers are not expected to have direct contact with recipient country Governments.
- 3.4 ESG Reporting: All Suppliers awarded LTAs with UNICEF will be required to provide one annual report, with timing of such reporting to be agreed, on ESG using a UNICEF’s questionnaire format which will be provided to the Supplier.

**4. PERFORMANCE MONITORING**

As part of UNICEF’s continuous strive to improve the ability to provide products of the appropriate standards to UNICEF programs and partners and in a timely manner, monitoring of Suppliers’ performance will continue to be strengthened.

- 4.1 The UNICEF General Terms and Conditions of Contract (Goods) specify that UNICEF will monitor the Supplier’s performance under the LTA and linked Purchase Orders. As part of execution of eventual LTA, the awarded Supplier will be required to provide its full cooperation with such performance monitoring, at no additional cost or expense to UNICEF, and provide relevant information as reasonably requested by UNICEF.
- 4.2 UNICEF has identified generic criteria that will be applied for evaluating and monitoring Supplier performance against their contractual obligations as an outcome of this procurement process.

<b>Key Categories</b>	<b>Performance Metrics</b>	<b>Performance Baseline</b>
Time	Timeliness of Purchase Order Acknowledgement	Less than or equal to 5 working days after Purchase Order placement
	Timeliness of Notification of Goods Readiness	Notification of Goods’ Readiness parameter (Greater than or equal to 3 working days before potential delivery)
	Timeliness of Delivery	Less than or equal to 5 working days after Purchase Order delivery date

**5. MONTHLY ALLOCATION REPORTING**

- 5.1 Under the LTA, the awarded Supplier will be required to provide UNICEF with a monthly allocation report, listing the following for each vaccine presentation:
  - the total quantities forecasted for delivery during the next six-month period;
  - total quantity in stock with NRA release;
  - total quantity in stock pending NRA release for UNICEF;
  - the total quantities in production for UNICEF; and
  - any additional relevant information the Parties agree to include.

## 6. PRICES AND DISCOUNTS

- 6.1 Pricing based on Delivery Term. Bidders are requested to provide unit pricing in accordance with the following delivery terms (INCOTERMS 2020):

### **FCA – FCA named airport [SPECIFY NAME OF AIRPORT]**

Failure to quote in accordance with the requested INCOTERMS may, in UNICEF’s discretion, result in invalidation of the Proposal.

- 6.2 Currency of Proposals. The currency of the proposal will be either 1) US Dollars or 2) US Dollars and EURO. Bidders wishing to offer in EURO are requested to offer one price in US Dollars and one price in EURO, leaving it to UNICEF’s sole discretion to determine which price to accept and consider for award. For evaluation purposes, the EURO price will be converted to US Dollars using the official United Nations rate of exchange in effect on the submission deadline date.
- 6.3 Inclusive Pricing. Pricing should include the cost of packaging and packing the goods and all temperature monitoring devices in accordance with the packaging and packing requirements set out in the Mandatory Technical Requirements. Bidders are requested to specify the price implications of temperature monitoring devices in the *Packing Details Answering Sheet*. Unit pricing must include the price of Vaccine Vial Monitor (VVM).
- 6.4 Taxes. Article II, Section 7, of the Convention on the Privileges and Immunities provides, inter alia, that the United Nations, including UNICEF as a subsidiary organ, is exempt from all direct taxes, except charges for public utility services, and is exempt from customs restrictions, duties, and charges of a similar nature in respect of articles imported or exported for its official use. All prices quoted in the Proposal must be net of any direct taxes and any other taxes and duties, unless otherwise specified in this RFP.
- 6.5 Affordability of Pricing. UNICEF believes in paying a price that is affordable to Governments and donors and a price that reasonably covers manufacturers’ minimum requirements. The Bidder is requested to provide information on factors that influence the pricing offered to UNICEF including, the basis for any quantity-based pricing. Any price increase over previous years’ pricing should be explained in the *Commercial Proposal*.
- 6.6 Maximum Pricing. Prices offered by Bidders, will constitute maximum ceiling prices and cannot be increased for the duration of the tender period and during the validity of Proposal. Prices may be reduced at any time.
- 6.7 Most Favoured Customer. The Bidder confirms that the prices with respect to the goods specified in the Proposal are the most favourable prices available to any customer of the Bidder (or any of the Bidder’s affiliates). If the Bidder offers to sell the same goods at a price lower than the price effective under the LTA, the Bidder will offer the same price to UNICEF for the remaining validity period of the LTA.
- 6.8 Discounts. Bidders are requested to advise as to:

- (a) Quantity / volume discounts, in form of large quantity / volume discounts and staircase pricing (i.e. varying prices according to different quantities procured);
- (b) Cumulative quantity / volume discount levels, i.e. discounts that increase as the cumulative order value/volume increases throughout the validity of the LTA;
- (c) Early payment discounts, i.e. payment within a specified period of time faster than UNICEF’s standard payment term of 30 days net;
- (d) Trade discounts;
- (e) Any other unconditional discounts.

Any discount offered in the successful Proposal will be reflected in the awarded LTA and will be applied in the affected Purchase Orders issued under such LTA.

6.9 Alternative Proposals. UNICEF welcomes alternative Proposals, including Proposals which may include special contracting terms or where pricing is conditional upon firm UNICEF commitment to defined quantities, or subject to pre-payment or advance payments. Such Proposals will be evaluated against their utility in reaching the specific objective(s) of the RFP. Any firm commitment by UNICEF would be subject to funding availability as well as other agreed upon conditions, including reciprocity clauses (e.g. liquidated damages).

6.10 Payment Terms. Unless an alternative Proposal has been awarded that includes pre-payment or advance payment, invoices may be issued to UNICEF only after the delivery terms of the Purchase Order (as issued in accordance with the provisions of the LTA) have been fulfilled. The standard terms of payment are net 30 days, after receipt of invoice and required supporting documentation. Payment will be effected by bank transfer in the currency of the Purchase Order.

## **7 DELIVERY TERMS AND DELIVERY LEAD TIME; LIQUIDATED DAMAGES**

7.1 Under the LTA, the awarded Supplier will be required to comply with the applicable INCOTERM and all other delivery terms and instructions stated in the LTA and the relevant Purchase Order. With respect to the definition of “INCOTERMS” in the UNICEF General Terms and Conditions of Contract (Goods), the applicable version of the “INCOTERMS” will be the most-recently issued version of the INCOTERMS at the start date of the LTA; provided however that if a new version of the INCOTERMS is issued after the effective date of the LTA, the Parties will in good faith consult with each other on the implications for the LTA with a view to adopting such new version.

7.2 The awarded Supplier will be expected to comply with the minimum delivery lead-time specified in the LTA. Bidders should therefore indicate the realistic lead-time for delivery for each vaccine offered (subject to quantities). “Delivery lead-time” is the period from the date of receipt of a Purchase Order by the Supplier to the date of delivery of the Goods in accordance with the applicable delivery term and instructions specified in the relevant Purchase Order (as issued in accordance with the provisions of the LTA) and includes the period for packing the products, delivery in accordance with the specified delivery term and provision of all documentation required in connection with such delivery. UNICEF will monitor and measure the performance of the Supplier, including by measuring performance against the lead-time indicated in its Proposal and reflected in the LTA.

7.3 The Supplier’s obligations in respect of delay in delivery of Goods, including (but not limited to)

obligations to notify UNICEF of delay in delivery of Goods, as well as the consequences of delay, and UNICEF's rights and remedies in respect of any such delay, are governed by the UNICEF General Terms and Conditions of Contract (Goods).

- 7.4 The LTA also specifies that, without prejudice to any of the other rights and remedies of UNICEF, if the Supplier fails to deliver the Goods under any Purchase Order in accordance with the stated time for delivery, or if UNICEF exercises its right to reject Goods that do not conform to the requirements in the LTA and the relevant Purchase Order, UNICEF may claim liquidated damages from the Supplier and, at UNICEF's option, the Supplier will pay such liquidated damages to UNICEF or UNICEF will deduct such liquidated damages from the Supplier's invoice(s). Such liquidated damages will be calculated as follows: one half of one per cent (0.5%) of the price of such Goods for each day of delay, until delivery of conforming Goods, up to a maximum of ten per cent (10%) of the value of the relevant Purchase Order. The payment or deduction of such liquidated damages will not relieve the Supplier from any of its other obligations or liabilities pursuant to the LTA and the relevant Purchase Order.

## **8. PRE-DELIVERY INSPECTION**

- 8.1 In the exceptional situation where the requirements of a country of destination specify pre-delivery inspection, then UNICEF may stipulate in a Purchase Order that the Goods to be supplied under that Purchase Order (as the case may be), are subject to pre-delivery inspection and the following provisions will apply:
- (a) Pre-delivery inspection will be conducted by an independent inspection agency selected by UNICEF or the relevant Consignee. The Supplier will not be responsible for the costs of such pre-delivery inspection.
  - (b) At UNICEF's request, the Supplier will provide its reasonable cooperation to UNICEF and its designated inspection agency, at no additional cost to UNICEF.
  - (c) The Supplier will advise UNICEF of the location of the manufacturing facility/facilities. UNICEF will advise the Supplier of the name of the designated inspection agency.
  - (d) Notice of the readiness of each consignment of Goods, in the form attached to the Purchase Order, must be provided by the Supplier to UNICEF and the designated inspection agency as soon as possible and at least three (3) working days prior to the Goods readiness date.
  - (e) UNICEF will notify the Supplier promptly of its decision whether or not to release the Goods for shipment. If UNICEF issues a release notice, the Supplier will immediately expedite shipment of the released consignment. If UNICEF notifies the Supplier that the Goods are non-conforming, then Article 2.6 of the UNICEF General Terms and Conditions of Contract (Goods) will apply.
- 8.2 The awarded Supplier acknowledges that any inspection of the Goods by UNICEF or its designated inspection agents does not constitute a determination whether the specifications for the Goods (including Mandatory Technical Requirements) as set out in eventual LTA or any Purchase Order have been met. The awarded Supplier will be required to comply with its warranty and other contractual obligations whether or not UNICEF carries out such pre-delivery inspection of the Goods.
- 8.3 The pre-delivery inspection of the Goods undertaken by UNICEF or its designated inspection

agents will not substitute for the inspection of the Goods upon delivery.

## **9. TEMPORARY STORAGE**

9.1 Under an eventual LTA, the awarded Supplier will be required to properly store, from time to time and at no cost to UNICEF, finished products of vaccines for delivery at a later date. Storage of vaccines will be under controlled environmental conditions to facilitate the conservation of the vaccines. The storage facilities will comply with all national regulations for the storage of vaccines in force in the country where the storage facility is located.

## **10. WARRANTY**

- 10.1 Warranty. Under an eventual LTA, the awarded Supplier will be required to warrant that the Goods (including packaging) offered by it will meet each of the following minimum criteria:
- (a) The Goods conform to the quality, quantity and specifications for the Goods stated in the LTA and linked Purchase Order (including, in the case of perishable or pharmaceutical products, the shelf life specified in the LTA and linked Purchase Order);
  - (b) The Goods conform in all respects to the technical documentation provided by the Supplier in respect of such Goods and, if samples were provided to UNICEF prior to entering into the LTA, the Goods are equal and comparable in all respects to such samples;
  - (c) The Goods are new and factory-packed;
  - (d) The Goods are fit for the purposes for which such Goods are ordinarily used and any purposes expressly made known to the Supplier by UNICEF;
  - (e) The Goods are free from defects in design, manufacture, workmanship and materials;
  - (f) The Goods are free from all liens, encumbrances or other third party claims;
  - (g) The Goods are contained or packaged in accordance with the standards of export packaging for the type and quantities of the Goods specified in the LTA and linked Purchase Order, and for the modes of transport of the Goods specified in the LTA and linked Purchase Order (including but not limited to, in a manner adequate to protect them in such modes of transport), and marked in a proper manner in accordance with the instructions stipulated in the LTA and linked Purchase Order and applicable law.
- 10.2 Warranty Period. Under the LTA, the period of validity of the warranty will be no less than the shelf life of the Goods.
- 10.3 Assignment of Manufacturer Warranties. If the Supplier is not the original manufacturer of the Goods or any part of the Goods, under the LTA, the Supplier will be expected to assign to UNICEF (or, at UNICEF's instructions, the Government or other entity that receives the Goods) all manufacturers' warranties in addition to any other warranties specified in the LTA and linked Purchase Order.
- 10.4 Extension of Warranty to Partners. The Bidder should note that, under the LTA, the warranties are expected to be made to UNICEF and to extend to (a) each entity that makes a direct financial contribution to UNICEF for the purchase of Goods; and (b) each Government or other entity that receives the goods.

## Questionnaire on disability-inclusiveness of vendors

UNICEF is committed to implement the United Nations Disability Inclusion Strategy (UNDIS). As part of the implementation of the UNDIS, UNICEF promotes purchasing from disability-inclusive vendors and encourages its vendors to be inclusive of persons with disabilities.

A disability-inclusive vendor is a vendor which makes a dedicated, consistent, and measurable effort to implement disability-inclusive practices. Vendors can show that they are disability-inclusive through a variety of means such as, for instance, having an organizational policy on disability inclusion, recruiting and hiring people with disabilities, offering reasonable accommodation to candidates and personnel with disabilities, providing accessible premises, ensuring that their supply chains are disability-inclusive, or manufacturing accessible products following Universal Design principles.

UNICEF is interested in the efforts made by its vendors towards including persons with disabilities and would like to collect information about such initiatives. Vendors who wish to do business with UNICEF must complete this questionnaire on disability-inclusiveness. It is important to note that the answers provided will not preclude a vendor from participating in UNICEF's business, i.e. the **provided answers will not be factored in the final evaluation for making the award decision.**

5	Do you require your suppliers to be disability-inclusive? If yes, please provide details such as a respective policy or written agreements you may have. <u>Proposers response:</u>
6	Do you engage or consult persons with disabilities in the development of your products or services? If yes, how? <u>Proposers response:</u>
