E. Inspections and tests

The following inspections and tests shall be performed:

UNOPS or its representative shall inspect and/or test any or all item of the goods to confirm their conformity to the contract, prior to dispatch from the manufacturer's premises. Such inspection and clearance will not prejudice the right of the consignee to inspect and test the goods on receipt at destination.

If the goods fail to meet the laid down specifications, the supplier shall take immediate steps to remedy the deficiency or replace the defective goods to the satisfaction of the purchaser.

Any delivered item may on or after delivery and installation be inspected and will be rejected if found not compliant with the requirements of the contract. Such rejected items shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with items that do comply with the requirements of the contract within 10 working days. Failing such removal the rejected supplies shall be returned at the suppliers cost.
