

Annex 1: Results Matrix – Phase1&2

Results Matrix – Phase 1

Name of FC project: Resilience Integrated Education Programming for Children in Northeast Nigeria

Project no. (BMZ-No.) 201818624 – UNICEF SM180568

Last Updated: January 2023

Summary of changes as of 31st December 2022

Objectives	Success indicators	Progress	Verification sources	Assumptions
Outcome				
<p>Overall objective Girls and boys have increased opportunities to learn and develop within supportive and resilient communities in Adamawa and Yobe states</p>	<p>Project indicator: Number of boys and girls that access safe, inclusive, quality learning opportunities in formal and non-formal education settings. Baseline value: TBC Target value: 1,060,000 (52% girls)</p>	<p>Jan - Dec 2022: 18 TLSs and 12 gender segregated latrines completed; Classroom construction completed in 114 schools all provided with furniture; Learning supplies provided to 928,522 (430,076 girls); 240,000 parents including youths reached with radio edutainment programme influencing the enrollment of 950,000 children; 60 out of school learning centers established through which a total of 6,386 (1,893 girls) reached with alternative learning opportunities;</p>	<p>-School and learning center records (registration & attendance) -Implementing partners' reports -Monitoring field visits by UNICEF staff -Third party facilitators' reports -Baseline records -Evaluation report</p>	<p>-No further deterioration in security situation -No restrictions on movement -Election results have no impact on country's stability and will not contribute to escalation of conflict in Northeast Nigeria. -No civil unrest due to the upcoming 2019 elections -Government is committed to support this project</p>

		14,681 girls reached with life skills under the girls-for-girls (G4G) project.		
	<p>Project indicator: Pupil attendance rate (students present on day of visit/ students enrolled) in targeted schools in Adamawa and Yobe states</p> <p>Baseline value: TBC</p> <p>Target value: 50% increase in targeted schools (60% for girls)</p>	<p>Attendance rate estimate of 85% average across the focused schools.</p> <p>Adamawa: 88%</p> <p>Yobe: 84%</p>	<p>-Implementing partners records/ reports</p> <p>Monitoring field visits by UNICEF staff</p> <p>-Third party facilitators' reports</p>	<p>-No further deterioration in security situation</p> <p>-No restrictions on movement - Government is committed to support this project</p>
31 st	<p>Project indicator: Primary completion rate</p> <p>Baseline value: Adamawa: 58%; Yobe: 44% (state average-age)</p> <p>Target value: Adamawa: 65%; Yobe: 54% (girls at average or above)</p>	<p>Girls' completion rate estimate of 74% average across the focused schools.</p> <p>Adamawa: 79%</p> <p>Yobe: 68%</p>	<p>- Implementing partners records/ reports</p> <p>- Monitoring field visits by UNICEF staff</p>	<p>-No further deterioration in security situation</p> <p>-No restrictions on movement</p> <p>-Government is committed to support this project</p>
Outputs				
<p>Output 1: Conflict-affected children and adolescents have increased access to quality education in a safe and healthy learning environment.</p>	<p>Indicator: Number of conflict-affected children and adolescents have increased access to quality education in a safe and healthy learning environment.</p>	<p>Jan - Dec 2022: A total of 928,522 (430,076 girls) children reached with learning supplies. Additional classrooms completed in</p>	<p>- School and learning spaces records (registration & attendance)</p> <p>- Implementing partners' reports</p>	<p>-No deterioration in the situation</p> <p>-Procurement and distribution of supplies is done in timely matter</p> <p>-No restrictions on movement</p>

	<p>Baseline value: 0 Target value: 1,060,000 (52% girls)</p>	<p>114 schools with a total of 133,380 children benefiting</p>	<ul style="list-style-type: none"> - Monitoring field visits by UNICEF staff - Third party facilitators' reports 	
<p>Output 2: Teachers have increased their capacity to deliver quality learning at preprimary and primary levels.</p>	<p>Indicator: Number of teachers have increased capacity to deliver quality learning at preprimary and primary levels. Baseline value: 1,649 (females 700 & males 949) Target value: 8,200 (at least 40% females)</p>	<p>Jan - Dec 2022: A total of 6,761 teachers (2,218 women) have had their capacity increased in pedagogical skills and PSS to deliver quality learning at preprimary, primary and Junior Secondary School (JSS) levels. 3,011 (843 women) teachers reached with TaRL skills and another set of 3,750 (1,735 women) with other pedagogical skills such multi-grade and child centered approaches and PSS under the Cambridge Education consultancy</p>	<ul style="list-style-type: none"> - Registration sheets - Implementing partners' reports - Monitoring by UNICEF staff - Third party facilitators' reports 	<ul style="list-style-type: none"> -Availability of adequate number of teachers in targeted schools -Master trainers able to step over the training
<p>Output 3: School based management committees (SBMC) plan and maintain a safe and healthy learning environment in schools with increased community participation.</p>	<p>Indicator: Number of SBMC members trained in planning and maintaining a safe and healthy learning environment in schools with increased community participation Baseline value: 0 Target value: 2,500 SBMC members</p>	<p>Jan - Dec 2022: A total of 500 SBMCs established and 2,753 SBMC members (955 women) trained on effective schools-community collaboration.</p>	<ul style="list-style-type: none"> - Registration sheets - Implementing partners' reports - Monitoring by UNICEF staff - Third party facilitators' reports 	<ul style="list-style-type: none"> -Community support and buy-in is available for the selected schools -Ability to transfer the skills acquired through capacity building into actions -No deterioration in security situation

<p>Output 4: Inclusive quality basic education system, targeting boys and girls, strengthened at school, LGA and state level.</p>	<p>Indicator: Number of school accessible to children with disabilities Baseline value: 0 Target value: 500 schools in 2 states accessible to children with disabilities</p>	<p>Jan - Dec 2022: Construction has been completed in 114 schools with all classrooms provided with ramps for easy access to children with physical disabilities. This provides the opportunity for additional children with physical disabilities to enroll into schools and more easily access school facilities.</p>	<p>-Implementing partners reports including list of schools involved - Monitoring by UNICEF staff - Third party facilitators' reports</p>	<p>-Access to target areas main-trained and security conditions during the project duration are stable -Availability of building material and contractors -No deterioration in security situation -Accessibility of targeted schools</p>
<p>Output 5: A comprehensive Education and Management Information System (EMIS) is strengthened and functional.</p>	<p>Indicator: A comprehensive Education and Management Information System (EMIS) is strengthened and functional. Baseline value: 0 Target value: 2 states</p>	<p>Jan - Dec 2022: This activity has been implemented through a partnership with Viable Knowledge Management (VKM). The Consultant developed the EMIS consultancy services for the BAY states. The outcome was a long term phased and budgeted strategic plan for the development of a decentralized EMIS. After the development of the EMIS platform, government officials were trained to utilize the platform.</p> <p>During the period under review, a total of 55 Government EMIS staff</p>	<p>-Statistical book by state -Implementing partners' reports</p>	<p>-Support and cooperation from SUBEB/SMoE and main</p>

		<p>(21 women) were trained on the new EMIS system.</p> <p>Adamawa: 28 staff (13 women) Yobe: 27 staff (8 women)</p> <p>With support from the Federal Ministry of Education (FMoE), UNICEF is funding EMIS platform hosting at the Galaxy Backbone Server so EMIS can be ran on real across the three states. This will be finalized in the first quarter of 2023.</p>		
<p>Output 6: EduTrac System for monitoring and improved governance and accountability is in place (more details provided under Approach/Methodology)</p>	<p>Indicator: EduTrac System for monitoring and improved governance and accountability is in place (more details provided under Approach/Methodology) Baseline value: 0 Target value: 2 states</p>	<p>Key activity under this output is EduTrac which is ongoing and will be completed in 2023. EduTrac is one of the school monitoring innovations that UNICEF is supporting with KfW funding to improve schools monitoring across the three states. The innovation is a phone-based data collection system which enables education administrators at state and LGA level to monitor</p>	<ul style="list-style-type: none"> - Implementing partners' reports - Monitoring by UNICEF staff - Third party facilitators' reports 	<ul style="list-style-type: none"> -Buy-in and support from -- SUBEB/SMoE, headteachers and teachers -Availability of mobile phones (teachers & headteachers)

schools' operations based on key indicators such as enrolment and attendance for teachers and children, condition of school facilities, functionality of school-based management committee etc. The innovation allows collection of data on many indicators and the responses are received directly from schools within shortest possible time.

Jan - Dec 2022:

Following the success in the piloting stage, UNICEF and the partners identified 200 schools across Adamawa and Yobe for a scale up during the reporting period. As all the 500 focused schools will be enrolled for EduTrac, the remaining 300 will be targeted in 2023.

When this intervention is completed, education administrators at SUBEB and LGEA level will have the opportunity to obtain schools

monitoring data in real time.

Activities within the project

Activity 1.1:
 Rehabilitation of at least 120 schools including gender-segregated WASH facilities, ensuring enough supply of safe drinking water and classrooms furniture in targeted schools in conflict-affected area including handwashing facilities and hygiene education/practice reaching approx. 120,000 children.
**In the recent target modification, UNICEF and KfW agreed on 120 schools for construction against the initial 200 schools for phase 1.*

Jan - Dec 2022:
 Additional two schools have been completed in Adamawa during the period under review making a total of 54 schools completed in Adamawa State with six schools pending, to be completed in January 2023
 In Yobe, 8 more schools were completed during the period under review making a total of 60 school completion has been achieved in Yobe.
 Cumulatively, a total of 114 schools have been completed across the four LGA in Adamawa and Yobe under phase-I. All the completed schools have been handed over to the Government and communities for use.

State	Completed	Ongoing	Total
Adamawa	54	6	60
Yobe	60	0	60
Total	114	6	120

A total of 133,380 children are benefiting from the 114 completed schools.

-Site Engineers report and weekly progress report by the construction team

-Access to target areas mainly trained and security conditions during the project duration are stable
 -Availability of building material and contractors
 -No deterioration in security situation
 -Accessibility of targeted schools

<p>2. Essential education supplies for both 800,000 children and their teachers in conflict affected LGAs.</p>	<p>Jan - Dec 2022: Learning supplies distributed to 121,960 (59,058 girls) in Adamawa during the period under review. Cumulatively, 928,522 (430,076 girls) children reached with learning supplies involving school-in-a-carton and school bags and writing materials (exercise books, pupils' rulers, pens, sharpeners, and erasers) as follows:</p> <table border="1" data-bbox="579 467 1197 659"> <thead> <tr> <th>State</th> <th>Children</th> </tr> </thead> <tbody> <tr> <td>Adamawa</td> <td>517,175 (240,857 girls)</td> </tr> <tr> <td>Yobe</td> <td>411,347 (189,219)</td> </tr> <tr> <td>Total</td> <td>928,522 (430,076 girls)</td> </tr> </tbody> </table> <p>This activity has been completed as the target has been reached.</p>	State	Children	Adamawa	517,175 (240,857 girls)	Yobe	411,347 (189,219)	Total	928,522 (430,076 girls)	<p>-Facilitators weekly/ monthly monitoring reports. Supplies distribution report from SUBEB</p>	<p>-Procurement and distribution of supplies is done in timely matter -No restrictions on movement</p>

<p>8. Support SUBEB/SMoE in developing EduTrac which will be used as survey tool to collect data gap from schools using SMS messages and as governance monitoring tool and improve accountability.</p>	<p>Jan - Dec 2022: The scale up continued following the successful piloting. EduTrac has been successfully scaled up to 200 schools in Adamawa and Yobe (100 schools each State). A total of 48 master trainers (MTs) and 200 heat-teachers (HTs) trained as follows:</p> <table border="1" data-bbox="579 431 1192 711"> <thead> <tr> <th>States</th> <th>MTs</th> <th>HTs</th> </tr> </thead> <tbody> <tr> <td></td> <td>12</td> <td>50</td> </tr> <tr> <td>Adamawa</td> <td>12</td> <td>50</td> </tr> <tr> <td></td> <td>12</td> <td>50</td> </tr> <tr> <td>Yobe</td> <td>12</td> <td>50</td> </tr> <tr> <td>Total</td> <td>48</td> <td>200</td> </tr> </tbody> </table> <p>The scale up will continue in 2023 for the remaining 300 school across the two states.</p>	States	MTs	HTs		12	50	Adamawa	12	50		12	50	Yobe	12	50	Total	48	200	<p>-Facilitators weekly/ monthly monitoring reports</p>	<p>-Buy-in and support from SUBEB/SMoE -Availability of mobile phones (teachers & headteachers)</p>

<p>9. Conduct comprehensive analysis of the teaching workforce for Basic Education (teachers’ status, motivation and performance) Links to the professional development of teacher, recruitment, deployment and support policy.</p>	<p>Jan - Dec 2022: This activity has been completed through a partnership with Cambridge Education. In 2021 UNICEF started a collaboration with Cambridge Education to identify gaps within the existing policies and strategies for teacher management and development to produce a comprehensive package for improving the management and development of the teaching work force. By February 2022, this resulted in the finalization of a comprehensive in-service teacher training package to improve pedagogical skill sets for teachers.</p>	<p>-Facilitators weekly/ monthly monitoring reports</p>	<p>-Cooperation and support from SUBEB/SMoE -Ability for school observation</p>																		
<p>10. Capacity building of 150 master trainers on pre-service and in-service teacher training provisions and Education-in-Emergency/Conflict Resolution with an outreach of 3,750 teachers</p>	<p>Jan - Dec 2022: The activity has been implemented through a consultancy run by Cambridge Education. After the finalization of a comprehensive in-service teacher training package for teachers, master trainers from the Ministry of Education have been trained to roll-out the training to some 3,750 primary and junior secondary teachers.</p>	<p>-Facilitators weekly/ monthly monitoring reports</p>	<p>-Master trainers’ commitment for stepping down and transmitting the knowledge acquired</p>																		

	<p>A total of 150 master trainers (54 women) and 3,750 teachers (1,735 women) were trained from the 2 states. The training covered pedagogical skills and PSS focusing on teachers from preprimary, primary and junior secondary school (JSS) levels.</p> <table border="1" data-bbox="575 431 1199 651"> <thead> <tr> <th>State</th> <th>Number of MTs Trained</th> <th>Number of teachers Trained</th> </tr> </thead> <tbody> <tr> <td>Adamawa</td> <td>75 (32 women)</td> <td>1,875 (973 women)</td> </tr> <tr> <td>Yobe</td> <td>75 (22 women)</td> <td>1,875 (762 women)</td> </tr> <tr> <td>Total</td> <td>150 (54 women)</td> <td>3,750 (1,735 women)</td> </tr> </tbody> </table> <p>This activity has been completed.</p>	State	Number of MTs Trained	Number of teachers Trained	Adamawa	75 (32 women)	1,875 (973 women)	Yobe	75 (22 women)	1,875 (762 women)	Total	150 (54 women)	3,750 (1,735 women)

<p>12. Strengthening quality ECD capacity of 50 key stakeholders including parenting skills and integrated ECD cross-sectoral models reaching 5,000 pre-school children and 10,000 parents.</p>	<p>Jan - Dec 2022: This activity has been completed. A total of 135 officials (23 women) from SUBEB and LGEAs were trained on ECD. Twenty-five trained by the SUBEB ECD MTs and 110 trained under the Cambridge Education consultancy.</p> <p>On parental skills awareness, a total of 10,047 parents (3,516 women) were reached with parental skills with support from UNICEF’s C4D/SBC unit. This was achieved through the community education volunteers and UNICEF LGA Education Facilitators who created awareness among the community members (parents/care givers) including community and religious leaders. The C4D colleagues supported with IEC materials and radio programmes aired on local radio stations across the 2 states.</p> <p>A total of 725 ECD teachers (218 women) were trained using the package developed by Cambridge Education. The teachers used the skills learned during the training to teach to 14,500 children (6,960 girls).</p> <table border="1" data-bbox="575 984 1201 1205"> <thead> <tr> <th>State</th> <th>Children</th> <th>Parents</th> <th>Teachers</th> </tr> </thead> <tbody> <tr> <td>Adamawa</td> <td>7,000</td> <td>4,897</td> <td>370</td> </tr> <tr> <td>Yobe</td> <td>7,500</td> <td>5,150</td> <td>355</td> </tr> <tr> <td>Total</td> <td>14,500</td> <td>10,047</td> <td>725</td> </tr> </tbody> </table>	State	Children	Parents	Teachers	Adamawa	7,000	4,897	370	Yobe	7,500	5,150	355	Total	14,500	10,047	725	<p>-Facilitators weekly/ monthly monitoring reports</p>	<ul style="list-style-type: none"> · Support from parents and community · More attention and support by education stakeholders to ECD

13. Educating communities including 250,000 youth and children through radio (C4D) and support enrolment drive campaigns to reach 1,000,000 children.

Jan - Dec 2022:
 During the reporting period, UNICEF trained 60 community education volunteers (CEVs) across the target LGAs in Yobe with support from the C4D colleagues. The volunteers supported in awareness creation among community members to increase schools' enrolment and attendance across the supported schools. A total of 10,000 youths and parents were reached with the awareness programme in Yobe through the CEVs in the last quarter of the year. The radio awareness programmes also continued through which about 25,000 youths and parents were reached across Adamawa and Yobe. The awareness programmes have helped to record the new enrolment of about 300,000 children (235,000 girls) across the two states.

Cumulatively:
 240,000 youth and 950,000 children were enrolled through awareness creation programmes/campaigns as follows:

State	Youths	Children
Adamawa	127,000	470,000
Yobe	113,000	480,000
Total	240,000	950,000

The activity will be completed in 2023

-Facilitators weekly/
 monthly monitoring reports

- Community mobilization and support
- Mobilization of media, government and community during enrolment drive

Results Matrix – Phase 2

Name of FC project: Nigeria: Resilience Integrated Education Program for Children, Youth (15+) Phase II

Project no. (BMZ-No.) **201918218** – UNICEF SC190707

Last Updated: January 2023

Summary of changes as of 31st December 2022:

Objectives	Success indicators	Progress	Verification sources	Assumptions
<p>Overall objective Girls and boys have increased opportunities to learn and develop within supportive and resilient communities in Borno, Adamawa and Yobe states</p>	<p>Indicator: Pupil/ teacher ratio Baseline value: Borno: 54; Adamawa: 37; Yobe: 86 (state average) Target value: Borno: 50; Adamawa: 35; Yobe: 80 Project indicator: Pupil attendance rate (students present on day of visit/ students enrolled) in targeted schools in Borno, Adamawa and Yobe states Baseline value: Target value: 50% increase in targeted schools (60% for girls) Project indicator: Primary completion rate Baseline value: Adamawa: 58%; Yobe: 44%; Borno: 51% (state average-age) Target value: Adamawa: 65%; Yobe: 54%; Borno: 58% (girls at average or above)</p>	<p>Jan - Dec 2022: Attendance rate estimate of 85% average across the focused schools. Borno: 88% Adamawa: 89% Yobe: 78% Girls' completion rate estimate of 76% average across the focused schools. Borno: 76% Adamawa: 83% Yobe: 69%</p>	<ul style="list-style-type: none"> - School and learning spaces records (registration & attendance) - Implementing partners reports - Monitoring field visits by UNICEF staff - Third party facilitators' reports - Baseline records - Evaluation report 	<p>n/a</p>

<p>Project Outcome 1 School-aged children, especially girls, IDP and out-of-school children, youth (15+) have access to education and learning opportunities and vocational skills for employment in safe environments and benefit from a strengthened quality education system and increased capacity in the formal and non-formal education sector in Borno, Adamawa and Yobe</p>	<p>Indicator: # Of School-aged children, especially girls, IDP and out-of-school children, youth (15+) have access to education and learning opportunities and vocational skills for employment in safe environments and benefit from a strengthened quality education system and increased capacity in the formal and non-formal education sector Baseline value: 0 Target values year 1: 335,000 Target values year 2: 205,000 Target values year 3: 105,000 Target values year 4: 105,000 Target values year 5: 105,000</p>	<p>Jan - Dec 2022: A total of 653,578 (311,888 girls) reached with learning opportunities including learning supplies, TVET, ALP and G4G. Classroom construction completed in 34 schools all provided with furniture; Learning supplies provided to 653,578 (311,888 girls); 350 alternatives learning centers established and a total of 18,769 children (4,870 girls) reached with alternative learning opportunity; 8,303 girls reached with life skills through girls-for-girls (G4G) activity</p>	<ul style="list-style-type: none"> - Registration sheets - Implementing partners reports - Monitoring field visits by UNICEF staff - Third party facilitators' reports 	<ul style="list-style-type: none"> -No further deterioration in security situation -No restrictions on movement -Government is committed to support this Action -Availability of adequate number of teachers in targeted schools -Master trainers able to rollout the training
<p>Output 1: Conflict-affected children and out-of-school children have increased access to education in a safe and healthy learning environment.</p>	<p>Indicator Name / Description: # of children & out-of-school children benefit from improved access and learning (supplies, rehabilitation/construction, Alternative Learning Programme (ALP), Communication for Change/Radio/C4D, enrolment drive, pre-school) Baseline value: 0 Target values year 1: 330,000 Target values year 2: 200,000 Target values year 3: 100,000 Target values year 4: 100,000 Target values year 5: 100,000</p>	<p>Jan - Dec 2022: A total of 653,578 (311,888 girls) with provided access to learning opportunities.</p>	<ul style="list-style-type: none"> - School and learning spaces records (registration & attendance) - Implementing partners reports - Monitoring field visits by UNICEF staff - Third party facilitators' reports 	<ul style="list-style-type: none"> -No further deterioration in security situation -No restrictions on movement -Government is committed to support this project

<p>Activities: 1.1 Rehabilitation of at least 118 schools including gender-segregated WASH facilities, ensuring a sufficient supply of safe drinking water in targeted schools in conflict-affected including handwashing facilities and hygiene education/practice reaching 70,000 children. <i>*In the recent target modification, UNICEF and KfW agreed on 118 schools for construction against the initial 150 schools for phase 2. Due to inflation and naira depreciation, the unit cost for construction increased drastically as of October 2021 from the last estimate. This results in a reduced number of classrooms/schools that can be constructed within the budget. UNICEF is proposing changing the target number to 45 in October 2021.</i></p>	<p>The activity is ongoing, will be completed in the 1st quarter of 2023.</p> <p>Jan - Dec 2022: Contract award processes for 45 schools finalized during the period under review and sites handed over to service providers in November 2022. For the ongoing construction of 20 schools, 14 schools have been completed in Adamawa and Yobe as follows:</p> <p>Borno: In Borno, Construction works ongoing in 45 schools, to be completed February 2023 Adamawa: Construction work completed in 14 ongoing in 6 schools, to be completed in January 2023. Yobe: Construction work completed in all the 20 schools.</p> <table border="1" data-bbox="432 667 1226 948"> <thead> <tr> <th>State</th> <th>Completed</th> <th>Ongoing/Pending</th> <th>Total</th> </tr> </thead> <tbody> <tr> <td>Borno</td> <td>0</td> <td>45</td> <td>45</td> </tr> <tr> <td>Adamawa</td> <td>14</td> <td>6</td> <td>20</td> </tr> <tr> <td>Yobe</td> <td>20</td> <td>0</td> <td>20</td> </tr> <tr> <td>Total</td> <td>34</td> <td>51</td> <td>85</td> </tr> </tbody> </table>	State	Completed	Ongoing/Pending	Total	Borno	0	45	45	Adamawa	14	6	20	Yobe	20	0	20	Total	34	51	85	<ul style="list-style-type: none"> - School and learning spaces records (registration & attendance) - Implementing partners reports - Monitoring field visits by UNICEF staff - Third party facilitators' reports - Bills of quantities (BoQs) for targeted schools 	<ul style="list-style-type: none"> -No deterioration in the situation -Procurement and distribution of supplies is done in timely matter. -No restrictions on movement -Availability of building material and contractors

<p>Support Social Behaviour Change Communication (SBCC): WASH, Child Protection and C4D (Convergence with other sections) to Support Enrolment Drive Campaigns and Educating communities and children through radio (C4D) (Partnership).</p>	<p>Plans are being finalized with UNIMAID and YoSAME to reach the remaining 6,000 children in 2023.</p> <p>The activity is ongoing. The implementation will continue in 2023 with support from social behaviour change communication, WASH, Child Protection colleagues</p> <p>Cumulatively:</p> <p>A total of 400,000 children (195,295 girls) were provided with access to learning opportunities on SBCC, WASH, Child Protection and C4D across the BAY states.</p>						
<p>1.4 Training of 3,000 girls as part of Girls for Girls (G4G) groups develop life skills and support to remain in school and mentoring and role modelling of G4G girls in 400 schools and 2,000 boys/3,000 men in 400 schools as champions for girls' education and gender/positive masculinity.</p>	<p>Jan - Dec 2022:</p> <p>The activity has been completed as the target reached.</p> <p>The intervention was implemented with local CSOs and was completed in December 2021 across Borno, Adamawa and Yobe states. The project titled girls-for-girls (G4G) aimed to provide life skills to girls in schools with a view to retaining them in schools up to completion. The project involved training boys (as HeForShe) to enable them to provide the necessary support to girls in schools. Also, parents (fathers) as male champions and female teachers as female mentors to be able to effectively support the girls for their education.</p> <p>A total of 8,303 girls were reached with G4G skills, 5,810 boys reached with HeforShe skills, 300 female teachers trained as female champions and 300 parents as male champions as follows:</p>
