

Annex A1: Technical Specification:

Supply & Installation of Adjustable Electrical Office Desks and Office Furniture

RFQ/YEMSA/SUP/2023/77

Products technical specification evaluation:

The technical component of the submission will be evaluated using the criteria **PASS or FAIL for each product (Line item)** conforming to the given specification in this document, offered photo, and physical inspection for each item.

In order to facilitate the technical evaluation process, it is essential that each bidder adheres to the following requirements:

1. **Supplier Acceptance:** Bidders must acknowledge their acceptance to deliver the items in accordance with the specifications outlined in Annex A1 and Annex A2. This should be done by signing and stamping this document page 1 & 2.
2. **Offered Items Photos:** Bidders are requested to include photos of each item in **Annex B** Technical Offer Form, which show the items they are offering.
3. **Physical Inspection:** offered items should be available in the bidder's showroom or warehouse (**in one location in Sana'a**), as a site visit will be conducted at the bidder's showroom or warehouse to conduct a thorough physical evaluation of the items., to ensure that the offered items align with the offered photos and meet the specifications outlined in the tender.
