

**CHANGES MADE TO THE ORIGINAL BOQ TROUGH THIS AMENDMENT**

Amendment # 01

#	BoQ item #	Item Description	Amendment to the BoQ	Final quantity in the BoQ.
1	2E1	<b>Fabricating and erecting framed structures</b>		
		<b>U Beams</b>		
2	2E1.1	400x200x56.6 kg/m "UB" Columns as per drawings ref. 23583-01-PR-ST-FR-3505 and specifications. Rate shall include for supply & installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, rection, drilling, welding, handling, transport & painting as specified.	<p><i>Changed the description as:</i> 500x200x89.7 kg/m "UB" Columns as per drawings ref. 23553-01-TN-ST-FR-3501 and specifications. Rate shall include for supply &amp; installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, erection, drilling, welding, handling, transport &amp; painting as specified.</p> <p><i>Also changed the quantity as: 3.10 ton</i></p>	3.10
3	2E1.2	350x175x49.6 kg/m "UB" as per drawings ref. 23583-01-PR-ST-FR-3505 and specifications. Rate shall include for supply & installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, erection, drilling, welding, handling, transport & painting as specified.	<p><i>Changed the description as:</i> 500x200x89.7 kg/m "UB" as per drawings ref. 23553-01-TN-ST-FR-3501 and specifications. Rate shall include for supply &amp; installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, erection, drilling, welding, handling, transport &amp; painting as specified.</p> <p><i>Also changed the quantity as: 7.10 ton</i></p>	7.1 ton
4	2E1.3	150x75x14.0 kg/m "UB" as per drawings ref. 23583-01-PR-ST-FR-3505 and specifications. Rate shall include for supply & installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, erection, drilling, welding, handling, transport & painting as specified.	<p><i>Changed the description as:</i> 300X150X32 kg/m "UB" as per drawings ref. 23553-01-TN-ST-FR-3501 and specifications. Rate shall include for supply &amp; installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, erection, drilling, welding, handling, transport &amp; painting as specified.</p> <p><i>Also changed the quantity as 6.00 ton</i></p>	6.00 ton

#	BoQ item #	Item Description	Amendment to the BoQ	Final quantity in the BoQ.
5	2E1.4	New item	<p><i>Added this new item to the BoQ:</i> 250X125X25.7 kg/m "UB" as per drawings ref. 23553-01-TN-ST-FR-3501 and specifications. Rate shall include for supply &amp; installation of all material including all specials such as MS plates, shoe plate, bolts, fabrication, erection, drilling, welding, handling, transport &amp; painting as specified.</p> <p><i>Also changed the quantity as: 0.6 ton</i></p>	0.6 ton
6	2E1.5	Supplying and fixing of 3.5mm thick, 114mm dia hollow tube bracings to structural steel UB sections, rate shall include for 10mm thick MS plates and all other necessities to complete the working order as per detail drawings with final finish as specified.	<p>No change for the item description or the quantity</p> <p>Changed the Item # 2E1.4 as 2E1.5</p>	
		<b>Lipped Channel Purlins</b>		
7	2E1.6	Supplying & fixing of Galvanized high tensile Purlins (PU) (Lipped Channel, No.C15019 High Tensile (fy=450Mpa) Pre Galvanized (Z350-350g/m <sup>2</sup> ) on concrete beams, steel section (measured separate) fixed with and including 6mm thick steel plate welded to "U" beam, and M12 bolts, sag rods for additional bridging all as per detail drawings, and painting as specified.	<p>Only change made on the quantity</p> <p>Changed the quantity <b>1,174m</b> as <b>939 m</b></p>	939.00 m
		<b>Solar Structure supported Purlins</b>		
8	2E1.7	Supplying & fixing of Galvanized high tensile Purlins (PU) (Lipped Channel, No.C10019 High Tensile (fy=450Mpa) Pre Galvanized on roofing sheet, steel section (measured separate) fixed all as per detail drawings.	<p>Only change made on the quantity</p> <p>Changed the quantity <b>470m</b> as <b>309 m</b></p>	309.00 m
