Please clarify on the following Query:

1. List of Equipment in Lot I , II & III

UNFPA Response:

For list of Equipment in Lot I, II and III, please refer to Section 2.2 Schedule of Requirements.

For partial bidding, please refer to ITB Section 13: *Partial bids are allowed under this tender. Bidders can quote for all or some medical devices, however bidders must quote for full quantities per each item requested. UNFPA reserves the right to select and accept a part or parts of any bid. Bidders that will submit Bids for the majority of items may get priority at the bid evaluation and the contract awards stages. Please note that Lot I and II are mandatory while Lot III is optional. If a bidder quotes for supply of the item, the bidder must also quote for supplies, installation and training of the medical device in question.*

For applicable Incoterms, please refer to ITB Section 11.3 and 11.4.
