CLARIFICATION #3		
No.	BIDDERS QUERIES	IAEA'S RESPONSE
1	By after 22 July 2024 medical equipment import regulation has been changed in Azerbaijan and all medical equipment must be registered otherwise not possible to import. To clear something, I would like to ask If you have special condition/ permission and exemption for registration. As you estimate registration period will take time and will affect the delivery date.	The counterpart will verify whether registration is required for medical equipment such as the CT simulator. If registration is necessary, the end user will initiate the process once the CT simulator is purchased.
