

## Questions responses (green)

Considering complexity of this RFQ, would you be so kind and grant deadline extension until 11.10.2024, please? It will be greatly appreciated.

Taking into account the emergency of the need, the extension is not possible.

Can you kindly consider deadline extension of the tender in subject, so we have enough time to submit a suitable offer on all items.

Taking into account the emergency of the need, the extension is not possible.

I would be so grateful if you can confirm that I can send you the PDF full tender document by email - using a dropbox link (which you can upload it from – as it is large MB file) and you accept the bid electronically on this occasion.

I advise you to follow the instructions stated in the solicitation document regarding the submission process.

Be sure that all sent documents, even by Dropbox link, are made through the dedicated address mail provided in the ITB.

The PDF documents are accepted.
