

CANCELLATION and RELAUNCH NOTICE

Project Title: Programme Management, Coordination, and Technical Support to the Government(s) for implementing the Programme on Scaling Up Assistive Technology and Related Rehabilitation Services for School-aged Children in Selected Pacific Island Countries

CFP Reference No.: ATscale/Grant/2024/023-026

Date: 06 March 2025

Dear Sir/Madam,

We sincerely thank you for your participation in developing your proposals in response to Programme Management, Coordination, and Technical Support to the Government(s) for implementing the Programme on Scaling Up Assistive Technology and Related Rehabilitation Services for School-aged Children in Selected Pacific Island Countries.

However, after careful consideration, the requirements outlined in the CFP document require substantial changes due to the addition of new countries under the scope of the programme. Therefore, in accordance with our rules and regulations, UNOPS has decided to cancel this Call for Proposals, with no grants being awarded under it, and will instead issue a new CFP immediately today. The new CFP will still include the three previously listed countries—Fiji, Kiribati, and the Solomon Islands—while also expanding to include Samoa, Tonga, the Federated States of Micronesia (FSM), and Vanuatu.

We apologise for any inconveniences and hope for your understanding in this matter and look forward to your organisations' participation in the re-advertised CFP process which is being launched.

Additionally UNOPS, ATscale will schedule a meeting with all interested parties. Details of that meeting will be found in the new CFP.

We would like to thank you for the time and effort spent in preparing your application.

You are encouraged to visit [UNGM](#) to see the new CFP opportunity.

Thank you.
