

RFP 2025.01 Consultancy to Support a Unitaid Benchmarking Exercise (Community and Civil Society Engagement)

Response to Bidder’s Clarification No.2

| Question # | Reference to RFP (paragraph #) | Question text (Bidder’s Question) | Unitaid’s Response |
|------------|--------------------------------|---|---|
| 1 | | Given a draft report and slide deck is due on the 1st of April, can we propose that the final report be submitted in the first week of May rather than mid-May (with time allotted for Unitaid’s feedback?) | Submission of the final report would be welcome earlier. |
| 2 | | The Terms of Reference suggests that bidders submit a fee proposal including two trips to Geneva. Please could you confirm if two visits to Geneva are expected, or if the work will be carried out remotely in its entirety through video calls and phone calls? | Visits are not expected, though it was envisaged that consultant would present initial findings (at committee meetings in April) and potentially final report during the Executive Board meeting in June. |
