N°	Questions	Response
1	In order to calculate the goods freight and the package: Could you inform what goods are to the each 5 destinations, in separate?	Each item will mostly be divided and distributed equally to six destinations in five governorates as follows: two destinations in Alexandria, one in Port Said, one in Ismailia, one in Sharkia and one in Giza.
2	There will be a sequential plan for local installation/assembly for the 5 destinations from you, or will be defined by us?	ILO will put the distribution plan and the implementation will be made by provider.
3	If the Estimated Contract Signature is by the first of September, it means that the winner company will be notified by the same time? Or it will be notified earlier?	The winning bidder will be notified one week before the estimated contract signature date.
4	The supplier will deliver and install within maximum 1 month after contract signature. So first the winner company will be informed and after how many days will be the contract signed?	The winning bidder will be notified one week before the estimated contract signature date.
