## 1.3 Work to be performed

### 1.3.1 Key requirements

#### Background

The vision of the UNAIDS Regional Support Team for Eastern and Southern Africa (UNAIDS RST ESA) is that the peoples of Eastern and Southern Africa take control of the AIDS epidemic. It is a vision where young people, women and men have the information, skills, services and support necessary to stop new infections; where all people living with HIV live in an environment free from stigma and discrimination and have access to lifesaving treatments and care; and where children, especially orphans, and families affected by HIV and AIDS receive a compassionate and comprehensive care, protection and support.

The UNAIDS RST ESA works with various partners including UN co-sponsors, Regional Economic Communities (RECs), development partners, civil society organisations (CSOs), media, research institution people living with HIV, vulnerable groups and UNAIDS country offices. UNAIDS RST ESA leads on political advocacy, convenes partners, and provides technical support and advice to UNAIDS country offices and partners so as to enable them to fully deliver on global and regional commitments to AIDS response in the region

In 2013, UNAIDS RST ESA received support from Sweden's Regional Team on SRHR, Embassy of Sweden Lusaka. The grant is of the value of 169 500 000 SEK over 4 years, and it is aimed at accelerating the AIDS response in the region. The programme is titled "*Expanded Accelerated AIDS Response towards HLM Targets and Elimination Commitments in ESA Region 2013 – 2017*". The programme is embedded in the support areas of UNAIDS RST ESA (prevention, treatment, human rights, strategic information, sustainable financing, women and girls, young people, community mobilisation), and its design was guided by the UNAIDS 2011-2015 strategy and the 2011 UN High Level Meeting on AIDS (HLM) targets. During the course of implementation, the programme was aligned to emerging strategies, especially the new UNAIDS strategy for Ending AIDS by 2030 and the fast track approach. The programme has four programme outcomes:

1. HIV is maintained on the political, development and health agendas and key global, regional and national HIV commitments are implemented.
2. Countries' planning, programming and decision making is based on high quality strategic information.
3. People who are left behind, (focussing on adolescents and young people, women, girls, sex workers, men who have sex with men, people who inject drugs, migrants) have equitable access to comprehensive HIV services.
4. Countries have sustainable resources for their HIV responses

Through this grant, UNAIDS RST ESA was able to sustain and advance political commitments, generate and accelerate use of national and subnational data for programme planning and decision making, accelerate delivery of services for populations left behind, and implement the investment approach across the region. This evaluation is crucial as it will be conducted at a critical time marked by the shift from the Millennium Development Goals (MDGs) to the Sustainable Development Goals (SDGs). Thus, the findings of the evaluation will inform the repositioning of AIDS response in the ESA region within the context of sustainable development goals, and UNAIDS fast track strategy.

## Objective

The evaluation will focus on effectiveness and impact of the programme. The evaluation will investigate specific areas under the four programme outcomes highlighted below. The fifth objective focuses on management and accountability which is cross-cutting across the four programme outcomes. The evaluator will work in collaboration with UNAIDS RST ESA to formulate the specific evaluation questions under each evaluation objective.

1. HIV is maintained on the political, development and health agendas and key global, regional and national HIV commitments are implemented.
  - a. To what extent the convening, political advocacy and political leadership role of UNAIDS RST ESA have benefited the AIDS response for women, girls, and young people – such as the Eastern and Southern Africa (ESA) ministerial commitment on comprehensive sexuality education for young people
  - b. To what extent UNAIDS RST ESA's approach in mobilising political leaders to advance prevention of new infections among women and girls is effective, efficient and will achieve impact
  - c. To what extent RST ESA's approaches, including the Regional Think Tank on HIV, Human rights and Social Justice, for addressing human rights issues through the mobilisation of political and traditional leaders, is effective, efficient and sustainable
2. Countries' planning, programming and decision making is based on high quality strategic information.
  - a. To what extent the programme have achieved impact on development and use of national and subnational data for decision-making at the regional and country levels
3. People who are left behind, (focussing on adolescents and young people, women, girls, sex workers, men who have sex with men, people who inject drugs, migrants) have equitable access to comprehensive HIV services
  - a. What is effective and could be scaled-up, in the innovative community models for AIDS response
  - b. To what extent established partnerships with civil society organisations are effective in empowering civil society and promoting accountability in the AIDS response
  - c. To what extent the programme enabled RST ESA to advance gender equality in the context of the AIDS response?
4. Countries have sustainable resources for their HIV responses
  - a. To what extent did the programme achieve effectiveness in development and application of investment cases and sustainability planning at regional and country level
5. Management and accountability
  - a. To what extent the result based approach has been effectively applied to the implementation of the grant?
  - b. How effective was the communication between the RST ESA and stakeholders around the programme?

The objectives are selected to generate evidence on achievements, challenges and lessons learned; and to provide insight on what could be altered, what could be improved and what could be discontinued in the future UNAIDS RST ESA programme. The objectives will be explored in the context of thorough critique of UNAIDS RST ESA's approach to programming – including planning, management, and implementation.

## Scope

The evaluation will cover the implementation and results of the programme during the period June 2013 to December 2016.

The evaluation will cover all the 22 countries in the ESA region. However, visits to the countries for the purposes of the evaluation will be limited to six countries: Kenya, Malawi, Mozambique, Tanzania, Uganda, and Zimbabwe. The six countries were selected on basis of their unique programmes or initiatives which could add value in responding to the evaluation objectives. The general criteria applied in selected countries to be visited during fieldwork are:

- To achieve representation of Eastern and Southern Africa countries
- To focus on countries with high burden of disease
- To focus on high representation of fast-track countries

The general criteria for selection of countries were combined with specific criteria, and the specific criteria are tied to the evaluation objectives. Each of the four countries was selected to make in-depth data collection for at least one evaluation objective.

- Kenya: objective 2
- Malawi: objective 3
- Mozambique: objective 1
- Tanzania: objective 4
- Uganda: objective 4
- Zimbabwe: objective 3

The evaluation will cover two different levels - the regional and country level.

- Regional level: assessing how the regional programme instigated change in the selected areas (as presented in the objectives section). A clear connection between regional work and the results realised on regional and country level.
- Country level: assessing the results achieved, the UNAIDS Country office's role, and the connection between the UNAIDS regional office and country inputs and the results achieved.

The Swedish funding catalyse the overall RST ESA work. The Swedish funding was not to create a parallel programme, but to contribute to the overall AIDS response with defined outcomes. The evaluation will not single out (or attribute) results achieved through the Swedish funding but cover the overall RST ESA UNAIDS support programme.

## Evaluation criteria

The evaluation will be informed by the following criteria:

**Relevance:** to needs and priorities, and how the programme addressed changing regional and national contexts

**Effectiveness:** the extent to which intended results were achieved

**Efficiency:** the extent to which the cost of the intervention could be justified by its results

**Impact:** the totality of the effects of an intervention, positive or negative, intended or unintended

**Sustainability:** the extent to which the benefits from the intervention are likely to continue, after the end of the programme

## Evaluation methodology and approach

This is a qualitative evaluation. Data will be gathered through desk review of work plans, reports and related documents and interviews with key informants. Evidence gathered through interviews will be triangulated with data from desk review. Measures will be taken to ascertain data quality, validity and credibility. The findings will be substantiated by valid evidence on record.

## Desk Review

A list of documents to be reviewed will be prepared by UNAIDS RST ESA in coordination with UNAIDS country offices. The documents will be shared electronically with the evaluators. The documents to be reviewed include, but not limited to, results based framework, work plans, annual progress reports, and minutes from annual and semi-annual reviews, and documentation of major activities, mid-term programme and financial reports, various syntheses/reports from countries. Desk review will be conducted prior to interviews with key informants.

## Key Informant Interviews

Key informant interviews will be conducted by the evaluation team. Interviews will be conducted with different stakeholders in relevance to each of the evaluation question.

The primary respondents are:

- UNAIDS HQ, UNAIDS RST ESA, UNAIDS Country offices in the ESA Region

The secondary respondents are partners to UNAIDS:

- UNAIDS co-sponsors (Joint Teams)
- Sida, donors and development partners including USG/PEPFAR and the Global Fund
- Regional Economic Communities (SADC, EAC) and the African Union (AU)
- Governments and AIDS authorities in ESA countries
- Civil society organisations and community based organisations
- Research institutions

## Dissemination phase

In preparation of the evaluation report, the evaluation team will present the findings to the Evaluation Steering Committee (ESC) and other stakeholders in a one day workshop. The workshop will be aimed at further synthesising and contextualising the findings through inputs from diverse group. The workshop will be organised by the evaluation team with the support from UNAIDS RST ESA. The final report will be shared with the ESC for adoption.

UNAIDS, at its discretion, may determine if such a payment is warranted or not, and the conditions under which it would be made. Further information may be requested by UNAIDS at the time of finalizing contract negotiations with the selected bidder.

Further information may be requested by UNAIDS at the time of finalizing contract negotiations with the selected bidder.

## 2.9 Period of Validity of Proposals

The offer outlined in the proposal must be valid for a minimum period of 120 calendar days after the closing date. A proposal valid for a shorter period may be rejected by UNAIDS. In exceptional circumstances, UNAIDS may solicit the bidder's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. Any bidder granting the request will not be required nor permitted to modify its proposal.

## 2.10 Closing Date for Submission of Proposals

**Proposals must be received as specified in section 2.8 no later than 19 September 2016 at 5 pm Geneva time.**

UNAIDS may, at its own discretion, extend this closing date for the submission of proposals by notifying all bidders thereof in writing.

Any proposal received by UNAIDS after the closing date for submission of proposals may be rejected.

## 2.11 Modification and Withdrawal of Proposals

The bidder may withdraw its proposal any time after the proposal's submission and before the opening date, provided that written signed notice of the withdrawal (by a duly authorized representative of the bidder) is provided via the “Correspondence” tab of the E-tendering system.

The bidder's withdrawal notice shall be received before the closing date in accordance with section 2.10.

No proposal may be modified after the closing date for submission of proposals, unless UNAIDS has issued an amendment to the RFP allowing such modifications (see section 2.13).

No proposal may be withdrawn in the interval between the opening date and the expiration of the period of proposal validity specified by the bidder in the proposal.

## **2.12 Receipt of Proposals from Non-invitees**

UNAIDS may, at its own discretion, extend the RFP to bidders that were not included in the individual invitation list if this is necessary and in the interest of UNAIDS. RFPs published by UNAIDS on the UNAIDS website are open for all qualified bidders.

## **2.13 Amendments of the RFP**

At any time prior to the closing date for submission of proposals, UNAIDS may, for any reason, whether on its own initiative or in response to a clarification requested by a bidder, modify the RFP by amendment. Amendments could include modification of project scope or requirements, project timeline expectations or extension of the closing date for submission.

All prospective bidders that have received the RFP will be notified in writing of all amendments to the RFP. In addition, all amendments will be posted on the UNAIDS website in the Request for Proposals section and in any other website used by UNAIDS directly for publishing the Request for Proposals.

## 3. OPENING AND EVALUATION OF PROPOSALS

### 3.1 Opening of Proposals

UNAIDS will open the technical proposals in the presence of a Committee formed by UNAIDS on a date fixed after the closing of the tendering period. Each technical proposal will be opened during the session with each bidder announced. Financial proposals will be opened only after the technical evaluation of the proposals.

There will not be a public opening of bids.

### 3.2 Clarification of Proposals

UNAIDS may, at its discretion, ask any bidder for clarification of any part of its proposal to assist in the examination, evaluation and comparison of proposals. The request for clarification and the response shall be in writing. No change in price or substance of the proposal shall be sought, offered or permitted during this exchange.

### 3.3 Preliminary Examination of Proposals

UNAIDS will examine the proposals to determine whether: (i) they are complete, (ii) any computational errors have been made, (iii) the documents have been properly signed, and (iv) the proposals are generally in order.

**Please note that UNAIDS is not bound to select any of the firms/institutions submitting proposals.** Furthermore, since a contract would be awarded in respect of the proposal which is considered most responsive to the needs of the project concerned, due consideration being given to UNAIDS' general principles, including economy and efficiency, UNAIDS does not bind itself in any way to select the firm/institution offering the lowest price.

### 3.4 Technical Evaluation of Proposals

A two-stage procedure will be utilized in evaluating the proposals, with technical evaluation of the proposal being completed prior to any evaluation of the Financial Proposal.

The technical evaluation of proposals will be accomplished by a selection panel. The selection panel will evaluate all proposals which have passed the preliminary examination of proposals according to:

- the quality of the overall proposal (**5 Points**);
- the appropriateness of the proposed approach (**5 Points**);
- the quality of the technical solution proposed (**15 Points**);
- the management strategy/plan detailed in the document (**15 Points**);
- the experience of the firm in carrying out related projects (**25 Points**);
- the qualifications and competence of the personnel proposed for the assignment (**30 Points**);
- the proposed timeframe for the project (**5 Points**);

The obtainable number of points specified for each evaluation criterion indicates the relative significance or weight of the item in the overall evaluation process. The points allocated to the technical proposal correspond to 60% of the total obtainable points.

### **3.5 Financial Proposal Evaluation**

The financial proposal will only be evaluated if the technical proposal achieves a minimum of 70% of the total allocable points for the technical evaluation. Proposals failing to obtain this minimum threshold will not be eligible for further consideration.

The maximum number of points for the price component is 40% of the total obtainable points.

This maximum number of points will be allocated to the lowest price proposal. All other price proposals will receive points in inverse proportion according to the following formula:

Points for the price component of a proposal being evaluated = ([Maximum number of points for the price component] x [Lowest price]) / [Price of proposal being evaluated]

### **3.6 Bidders' Presentations**

At the discretion of UNAIDS, selected bidders may be invited to supply additional information on the contents of their proposal during the evaluation period. Such bidders could be asked to give a presentation of their proposal (possibly with an emphasis on a topic of UNAIDS' choice) followed by a question and answer session. If UNAIDS determines that there is such a need, the presentation will be held at UNAIDS Headquarters in Geneva, or by videoconference/Internet. Bidders will be given reasonable time to prepare for the presentation.

NOTE: Presentations or other individual contact is expressly prohibited before the closing date for proposal submission.

## 4. AWARD OF CONTRACT

UNAIDS reserves the right to:

UNAIDS reserves the right to, at any time during the proposal process, modify the scope of services and goods specified in the RFP. At any time in the selection process, UNAIDS reserves the right to issue an amendment to the RFP detailing the change which should be notified only to bidders who have not been officially eliminated due to technical reasons at that point in time.

#### 4.1.2 Right to Extend/Revise Scope or Requirements at Time of Award
