Any bid received by UNIDO after the deadline may be rejected and returned unopened to the bidder.

9.2 Clarification of Bids

To assist in the examination, evaluation and comparison of bids, UNIDO may at its discretion ask the bidder for clarification of his bid. The request for clarification and the response thereto shall be in writing and no change in price or substance of the bid shall be sought, offered or permitted. Failure of any bidder to timely and duly respond to a request for clarification may result in the rejection of his bid.

9.3 Preliminary Examination

UNIDO will examine the bids to determine whether they are complete, whether any computational/arithmetical errors have been made, whether the documents have been properly signed, and whether the bids are generally in order.

Arithmetical errors will be rectified on the following basis: If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the bidder does not accept the correction of errors, his bid will be rejected. If there is a discrepancy between words and figures the amount in words will prevail.

Prior to the detailed evaluation, UNIDO will determine the substantial responsiveness of each bid to the qualification requirements and mandatory technical and commercial evaluation criteria specified for this ITB. For the purpose of this clause, a substantially responsive bid is one which conforms to all the terms and conditions of the ITB without material deviations. UNIDO's determination of a bid's responsiveness is based on the contents of the bid itself without recourse to extrinsic evidence.

A bid determined as not substantially responsive will be rejected by UNIDO and may not subsequently be made responsive by correction of the non-conformity.

9.4 Evaluation and Comparison of Bids

A two-stage procedure is utilised in evaluating the bids, with evaluation of the technical parts of the bids being completed prior to the price-related parts of the bids being reviewed.

In the first stage, UNIDO will evaluate the technical parts of the bids on the basis of their responsiveness to the Technical Specifications/Bill of Quantities/Scope of Works in particular and the ITB in general, applying the following technical and commercial evaluation criteria:

Technical Evaluation Criteria [should be read and completed in conjunction with the requirements specified in the Terms of Reference and on "Questions" tab in the system].

AFTER SALES	Please confirm availability of after sales services as indicated in the TechSpecs/TOR.
-------------	--

Commercial Evaluation Criteria [should be read and completed in conjunction with the requirements specified in the Terms of Reference and on the "Questions" tab in the system].

WARRANTY 24 MONTHS	Please confirm that warranty for twenty-four (24) months after delivery.
--------------------	--

As part of the evaluation process, UNIDO reserves the right to waive minor deviations from the requirements and criteria, if they do not materially affect the capability and/or capacity of a bidder to perform the contract under consideration.

In the second stage, the price-related parts of all bids which were found to be substantially responsive will be compared.

UNIDO reserves the right to conduct the commercial evaluation and award the contract based only on the prices of the goods/equipment, on an ex-works, packed basis, if the transportation costs (freight and/or insurance) offered by bidders are found to be higher than UNIDO's own estimated costs if sourced from its own freight forwarder and insurance provider.

10. SELECTION CRITERIA

In due consideration of UNIDO's procurement principles namely, best interest of the organization and best value for money, the contract shall be awarded to the qualified bidder whose bid has been found substantially responsive and offers the lowest cost to UNIDO.

11. CONTRACT AWARD

11.1 The contract will be awarded subject to (i) where relevant, successful negotiations of the contract, and (ii) approval of contract award by the relevant authorized official of UNIDO.

11.2 UNIDO will notify the successful bidder in writing that his bid has been accepted. Following the signature of the contract with the successful bidder, UNIDO will notify the unsuccessful bidders of the award decision.

11.3 UNIDO reserves the right to negotiate with the successful bidder for the purpose of seeking revisions of his bid in order to enhance the technical aspects of the bid and/or to reduce the price.

12. RETENTION OF BIDS

Following submission of the bids and final evaluation, UNIDO will retain the bids of both the successful and unsuccessful bidders.

13. TYPE OF CONTRACT

Unless specified otherwise, the type of contract considered for this ITB is a firm, fixed price contract.

14. NO COMMITMENT

14.1 This ITB does not commit UNIDO to award a contract. UNIDO reserves the right to accept or reject any bid(s), or to annul this ITB and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder(s) or any obligation to inform the affected bidder(s) of the reasons for UNIDO action.

14.2 UNIDO also reserves the right to negotiate and award only a portion of the requirement; to negotiate and award separate or multiple contracts for the elements covered by this ITB in any combination it may deem appropriate, in its sole discretion; to add new considerations, information or requirements at any stage of the procurement process, including during negotiation with bidders; and reject the bid submitted by any bidder that has previously failed to perform properly or on time contracts of a similar nature, or of a company/organization that, in the opinion of UNIDO, is not in a position or is not sufficiently qualified to perform the contract.

14.3 This ITB contains no contractual offer of any kind; any bid submitted will be regarded as an offer by the bidder and not as an acceptance by the bidder of any offer by UNIDO. No contractual relationship will exist except pursuant to a written contract document signed by the authorized official of UNIDO and by the successful bidder(s) chosen by UNIDO.

15. SIGNING OF CONTRACT

After the successful bidder's acceptance of the UNIDO contract award, UNIDO will send the bidder the contract documents incorporating all agreements between the parties. The successful bidder shall sign and date the contract and return one original set of the contract documents to UNIDO no later than two (2) weeks of the receipt of the contract documents.

16. CONTRACT BASIC TERMS AND CONDITIONS

Except as otherwise required by the circumstances of the case, the contract for the supply and delivery of the goods/equipment/works shall be based on the terms and conditions of the attached Model Purchase Order, Section IV of the ITB.

17. VARY REQUIREMENTS

At the time of award of the contract, UNIDO reserves the right to vary the quantity of the goods and/or related services by up to a maximum of twenty five (25%) percent of the total bid, without any change in the unit price or other terms and conditions.

18. PAYMENT

Payment will normally be made in accordance with the terms specified in the Model Purchase Order. The Financial Regulations and Rules of UNIDO preclude payment by letters of credit. Such provision in a bid will be prejudicial to its evaluation by UNIDO. The normal terms of payment by UNIDO are 30 days upon satisfactory supply and delivery of the goods/equipment/works and the acceptance thereof by UNIDO, whichever is later. Progress payments may be allowed upon agreement between the parties. Bidders must therefore clearly specify in their bids if they offer payment terms different from those specified by UNIDO.

19. CONFIDENTIALITY

19.1 It is understood that this ITB is confidential and proprietary to UNIDO, contains privileged information, part of which may be copyrighted, and is received by bidders on the condition that no part thereof or any information concerning it may be copied, exhibited, or furnished to others without the prior written consent of UNIDO. This condition may be exempted to the extent that the bidder may exhibit part or parts of the ITB to prospective sub-contractors for the sole purpose of obtaining offers from them. Not with standing any other provisions in this ITB, bidders will be bound by the contents of this Article whether or not their company submits a bid or responds in any other way to this ITB.

19.2 Information relating to the examination, evaluation, and comparison of bids, and the recommendation of contract award shall not be disclosed to bidders or any other persons not officially concerned with such process.

19.3 Any effort by a bidder to influence UNIDO in the examination, evaluation and comparison of the bids or contract award decisions may result in the rejection of his bid.

19.4 From the time the bids are opened to the time the contract is awarded, if any bidder wishes to contact UNIDO on any matter related to his bid, he should do so in writing to the address indicated in the cover note of this ITB.
