Bidder Clarifications - RFP 93276-AR – Ultrapure chemicals

Dear Bidder,

Please note that we are in receipt of the following clarification questions regarding RFP 93276-AR.

Last updated: 16-04-2018

No.	Question	IAEA Response
1	With reference to above, please inform quantity and packing required for each chemical	<p>Please note that this RFP is for the creation of a BPA for the supply of Ultrapure Chemicals.</p> <p>As per the terms of the BPA, the IAEA does not warrant that it will purchase any minimum quantity/volume of goods during the period of validity of this Agreement.</p> <p>However, for estimation purposes only, the following quantities of each chemical are likely to be required on an annual basis:</p> <ul style="list-style-type: none">• Nitric acid – 64L,• Hydrochloric acid – 66L,• Hydrobromic acid – 25L,• Hydrofluoric acid – 7L,• Hydrogen peroxide – 1.5L,• Perchloric acid – 1.5L,• Sulphuric acid – 4L,• Ammonia solution – 1.5L, and• Acetic acid – 1.5L. <p>Please refer to Specification point 4.2 e) for information about the packing sizes.</p>
2	Please inform quantity for packaging. We may be able to offer from small to big i.e. up to 2.5 ltrs in liquid and 1 kg for solid chemicals	<p>As per the Specification you are asked to propose the various sizes and prices for each chemical.</p> <p>For example, if you can offer the chemical in three different sizes you should provide all three sizes and the prices for each.</p>

Best regards,

Adam Rickard
