Questions & Answers: Round Three

- 1) Question:** In Annex F: Sample Grant Support Agreement General Conditions in Section 6.1, it stipulates that “the Grantee shall maintain advances of UNOPS funds in dedicated and separate accounts to the Grantee’s ordinary funds.” Our organisation has a policy that prohibits opening separate, individual bank accounts to hold grant funds. What should we do?

Submitted: 28 May 2018

Answer: If your organization is selected for funding, it is possible to maintain a separate ledger for grant funding instead of opening a separate bank account.
