

PITCHING EVENT

Exploring Blockchain or other appropriate Technology Options in support of a Trust Scheme for Refugees

UN CITY, COPENHAGEN, DENMARK, 27 NOVEMBER

RECORDING - NOTE

The pitching event in relation to RFP/2018/1178 was recorded (audio and video/one camera position only) throughout. Only breaks (coffee/lunch) are not recorded.

The recording is composed of 6 .mp4 files which are aligned with the Agenda of the event (Annex 1).

mp4 file - 1:

The first file contains the agenda items **“Who is Who?”** and **“What’s our goal”**.

From the beginning to 16:27 minutes the audio quality is either poor or not available. In this time window the short video *“Ethiopia: With historic registration drive, refugees mark life’s most vital events”* is shown (available also on UNHCR Youtube channel; click [here](#).)

Each participant was given the opportunity to very briefly introduce themselves by bidder and own full name. The organisers also rapidly introduced themselves. To ensure that this information is also available to those listening to the recording, find the full list of participants sorted by alphabet/ (bidder/ self) and organisers:
