

Response to requests for Clarification Call for Proposals

Cities Alliance, UNOPS

Call for Proposals: Cities and Forced Migration. Improved data and evidence-based knowledge products for improved management of crisis migration to secondary cities in the Global South.

Reference #: [GSA/CA/11934-006/2019/018](#)

Response to requests for clarification

Call for Proposals: Cities and Forced Migration. Improved data and evidence-based knowledge products for improved management of crisis migration to secondary cities in the Global South.

Reference number: GSA/CA/11934-006/2019/018

Description: Call for Proposals: Cities and Forced Migration. Improved data and evidence-based knowledge products for improved management of crisis migration to secondary cities in the Global South.

Deadline date submission of proposals: on or before Midnight, 24:00, Central European Time on 11th March 2019.

Solicitation posting date: 4 February 2019

Question: Can the duration of the grant be shorter than 2.5 years? If so, could the applicant be employed as a consultant for the final conference (i.e. on a separate contract)?

Answer: Yes. As there is a time gap between the deliverables of the knowledge products and the international conference it is viable to consider two separate contracts if the successful applicant to this call sufficiently justifies this need.

Question: Is there flexibility with the starting month of the grant (with the original duration of the grant retained)?

Answer: UNOPS/Cities Alliance aims to start the contract as soon as possible to begin the implementation of the project.

Question: Is the 20% in-kind contribution in addition to the 350,000 USD amount provided by the funders?

Answer: Yes. UNOPS/Cities Alliance provides USD 350,000 and the successful applicant to this call contributes an additional 20% in-kind or cash.
