

**Questions and Answers (Q&A)**

*Concerning the Request for Proposal - HPE Server and Storage*

<b>No.</b>	<b>Question from the Bidder</b>	<b>Answer from the IAEA Requesting Office/ Office of Procurement Services</b>
Q&A no. 1. Date of release: 12 November 2019		
1.	Based on the number of products and the fact that the IAEA is an International Organisation, it takes a rather long time until prices from HPE are confirmed. We therefore kindly ask for an extension of the submission deadline for 10 to 14 days, please.	The IAEA extends the submission dateline. A new tender Closing Date and Time is 2019-12-03 17:00:00 CET Vienna (Austria)
2.	We identified that several products that are requested in the price table are already obsolete and no longer available from HPE. For some of them it might be possible to find successor products. However, some are discontinued without direct successors. Please advise on how we should deal with these lines.	Successor products should be provided for all obsolete products. In case there is no successor product/s available, please clearly state that.
